Disruption of Instruction

In the event of a school disruption to instruction, PTC may adopt an adjusted schedule and/or calendar according to Oklahoma State Department of Education and/or the Oklahoma State Department of Career and Technical Education guidelines in an effort to adhere to public health and safety guidance. An updated schedule and calendar will be provided. Students will be accountable to meet online/distance learning, attendance, participation, and academic requirements for their program.

ADMISSIONS/PLACEMENT/WITHDRAWAL/GRADING

High School Students—All high school students shall be enrolled through a cooperative effort of the sending comprehensive high school and the area CareerTech center except in such cases where the student has provided sufficient evidence that s/he is pursuing an alternative education plan in accordance with 1981 O.S. 70-10-105.

High School Students with Alternative Education Plan—High school-age students pursuing an alternative education plan must provide written verification that s/he is working toward high school credentialing through an educational entity other than public or private school (i.e. accredited home school association or other PTC-approved option).

Students Under Age 18 without a High School Diploma or High School Equivalent (HSE)—Students under age 18 who have dropped out of high school or are at-risk of dropping out may be eligible to enroll with the high school student classification in both PTC SHARE and PTC Career Tech courses.

Students Ages 16 and 17 With a High School Diploma or HSE—Students ages 16 and 17 who have graduated from high school or have received the HSE certificate may be enrolled in a PTC Career Major; however, these students will be enrolled with the high school student classification. Students ages 16 and 17 will not have adult status privileges while on PTC campus. Students ages 16 and 17 will not have to pay tuition for a PTC Career Major. Upon reaching age 18 or when the student's high school class has graduated, a high school graduate or a HSE recipient will then become an adult student.

Adult Students with a High School Diploma or HSE—Students age 18 within 30 days of the start of classes or older who have a high school diploma or HSE will be enrolled with an adult student classification. Students must provide proof of a high school diploma or HSE certificate.

Self-pay Students Over Age 18 Without a High School Diploma or HSE—Students who have not graduated from high school or obtained a HSE do not qualify for Federal Financial Aid. Self-pay students wishing to enroll in a full-time PTC Career Major will be considered on an individual basis. Entrance assessment scores, high school achievement, and work history will be considered for enrollment. The student will enroll half-time in a PTC Career Major and the other half day in ABE/HSE. The student must complete the HSE certificate prior to completion of the second semester of the career major. Any student not in compliance with this requirement will not be allowed to continue in the career major.

Non-resident high school students – Non-resident high school (out-of-district secondary) students may be enrolled if the program has not reached maximum enrollment and if the student meets the following requirements: pays out-of-district secondary student tuition, provides own transportation, and has approval from parents or guardian, sending high school and PTC administration.

Non-resident high school students who attend a PTC district high school and pay taxes to another career tech district may enroll in a program without paying out-of-district tuition.

(Regardless of the high school attending, resident status is determined by the student's parent/guardian home address, and/or property ownership within the PTC District boundary.)

Advanced Placement—Advanced placement credits may be applied for coursework successfully completed at an approved secondary or post-secondary school within the timeframe allowable by the enrolled program area.

Transfer Students—Students desiring to transfer from another institution or who have had practical experience may have his/her transcript and/or credentials evaluated or may be tested to establish equivalency of training as related to the particular training being offered.

Practical Nursing Students—Requirements for admission, placement and grading are unique to the Practical Nursing program. Questions regarding these criteria should be addressed to the Practical Nursing Director.

ADULT BASIC EDUCATION/HIGH SCHOOL EQUIVALENCY CLASSES

Pioneer Technology Center sponsors ABE/HSE classes. Classes are held Monday-Thursday. There is no initial cost for the program and individuals may enroll by contacting the PTC ABE/HSE coordinator at (580) 718-4319. Students exiting the program and desiring to re-enter may be assessed a re-enrollment fee. Pioneer Technology Center is a certified HSE/GED examination site. There is a fee for each section of the HSE assessment. Questions regarding costs or scheduling of assessments should be directed to the Testing Specialist at (580) 718-4279.

REQUIREMENTS FOR CONTINUING ENROLLMENT

The voluntary entrance of a student into Pioneer Technology Center means that the student also voluntarily assumes obligations of academic performance and personal behavior according to the rules and regulations stated in the student handbook. A student is expected to make satisfactory academic progress toward completion of his/her course of study in order to be eligible for continuing enrollment. Satisfactory academic progress is based on both qualitative and quantitative measures. A student who fails to make satisfactory academic progress may not be permitted to continue enrollment. Exceptions may be granted with the recommendation of the program instructor, approval by the Instructional Director, and Financial Aid officer, if applicable. A student who fails to attend class regularly or otherwise demonstrates a lack of appropriate concern for satisfactory academic progress and personal conduct will be dismissed from Pioneer Technology Center. A student may apply for reinstatement at the beginning of the new class or grading period.

CO-ENROLLMENT IN HS/ADULT CLASSES

Adults and high school students may be co-enrolled in the same instructional areas. It is of paramount importance that all adult students enrolled in day classes at PTC (Adult-only or HS/Adult classes) be a positive, motivational force in the school life of the high school students with whom they share the campus. This includes attendance, dress, language, attitudes, and class/laboratory efforts. Those adult students not meeting these expectations shall be subject to dismissal from daytime classes.

WITHDRAWAL FROM PIONEER TECHNOLOGY CENTER

A Student Withdrawal/Placement form must be completed for any student (high school or adult) to be formally withdrawn from school. This form must be completed regardless of the reason the student is leaving Pioneer Technology Center including job placement. The student must notify the instructor, counselor, and/or Financial Aid Officer who will assist the student in initiating the withdrawal process. All district-owned books, supplies, equipment, etc. must be returned to the program instructor. In addition, any monies owed to the school must be paid before the withdrawal is considered official. Transcripts and other records will be released only after proper clearance has been accomplished. Failure to complete this process may result in a delay in the processing of refunds and/or may jeopardize the student's ability to qualify for future financial assistance. A doctor's note does not remove the student's obligation to officially withdraw. Adult students will be administratively withdrawn from a training program after five (5) consecutive absences if the student's instructor or a PTC administrator has received no contact from the student.

GRADING SYSTEM

Grade marks will not be used as a means of punishment or reward. Reduction of grade marks will not be used as a form of discipline under any circumstances. A student having less than 90% attendance will not be eligible for course credit and "NC" will be recorded on his/her PTC transcript. "NC" will be reported to the appropriate partner school for secondary students who have less than 90% attendance.

The following letter grades will appear in the student's permanent record:

A -- Superior	4 Grade Points	90 - 100%
B -- Above Average	3 Grade Points	80 - 89%
C -- Average	2 Grade Points	70 - 79%
D -- Below Average	1 Grade Point	60 - 69%
F -- Failing	0 Grade Point	Below 60%
NC -- No Credit	0 Grade Point	
I -- Incomplete		

- W -- Withdraw
- P -- Pass (Career Major)
- AP -- Advance Placement

Make up work: Students will be provided additional time (one day/absence) to make up coursework, without penalty, due to absences. All coursework must be completed before the end of the grading period.

PRACTICAL NURSING GRADING SYSTEM

Evaluation of students' comprehension and performance is ongoing and utilizes methods that include skills laboratory check-offs, critical skills demonstrations, clinical performance ratings, assignments, quizzes, and examinations.

The following letter grades will appear in the student's permanent record:

A -- Superior	4 Grade Points	94 - 100%
B -- Above Average	3 Grade Points	87 - 93%
C -- Average	2 Grade Points	80 - 86%

(Below 80% constitutes a failing grade for theory and clinical courses. In order to be promoted to the next course of study, the student MUST have completed the previous course with a score of 80% or higher in each theory course and 80% or higher in the clinical component of each trimester.)

D/F-- Unsatisfactory / Failing	0 Grade Point	0 - 79%
--------------------------------	---------------	---------

Note: This grading scale is used for transcribing advanced placement courses.

Programs with Clinical Rotations (Drug Screening)

A key component of Health curriculum is clinical rotations. Clinical contracts with outside agencies do not permit student participant in clinical hours after a positive drug screening. Due to the safety sensitive nature of clinical rotations students enrolled in Health Programs and Firefighter/EMT will be released (PN, MA, FF/EMT), or be unable to complete the program on the outcome of a positive drug screening. This includes students who possess a medical cannabis card, and test positive for THC.

TRANSCRIPT

When requested, a PTC transcript is issued to any student in good standing who has completed one or more courses within the career major enrolled.

TUITION/FEES/STUDENT FINANCIAL AID

TUITION AND FEES

Tuition for adult (post-secondary) students is based on the career major in which they are enrolled. Career majors that qualify for financial assistance range from 600 to 1500 hours. A \$25.00 (nonrefundable) enrollment fee is required of all enrolling adult students. This enrollment fee is not applied toward tuition costs. A complete list of career majors offered at Pioneer Technology Center is available from the Counselor and/or Financial Aid Officer. Tuition for nonresident / out-of-district high school (secondary) students has been established by the Oklahoma State Board of Career and Technology Education for 2023-2024 at \$21,783 (plus books/supplies, if required). Resident secondary students pay NO TUITION; some courses may require the purchase of specified books and/or supplies.

POST-SECONDARY TUITION

(Calculated on number of hours in career major of enrollment)

Full Time Programs:

<u>Resident</u>	<u>Nonresident</u>	<u>Out-of-State</u>
(in PTC District)	(out of PTC District; in Oklahoma)	(out of Oklahoma)
\$2.00 per hour	\$4.00 per hour	\$8.00 per hour

Basic Peace Officer Certification (BPOC):

In State Tuition:	\$2000
Out-of-State Tuition:	\$4000

TUITION / FEE PAYMENTS

A payment agreement will be generated for the purpose of establishing a timeline of tuition/fee payments. Nonpayment may result in the student being dropped from class, a hold being placed on the student's records, and/or the outstanding balance being referred to an outside agency for collections.

EXTENDED CLASSROOM/LAB HOURS

The length (in hours) of a PTC career major is based on the number of classroom and lab/shop hours needed to complete the training. Students are expected to complete the career major(s) in which they are enrolled within the established enrolled instructional time (career major hours). Enrolled instructional time refers to the hours of training offered by the institution during the period the student was enrolled, not necessarily the hours the student actually attended. Therefore, good attendance is necessary to complete a career major in the established timeframe. Students needing additional classroom/lab hours to complete a career major will be charged the hourly tuition rate (based on residency) for the additional number of hours needed to complete the career major. Projected additional completion hours will be determined by the Instructor. (Refer to the calculation example below.)

Example: Career major A=1,050 hours—If, after 1,050 hours of enrolled instructional time has been offered, the student needs an additional 200 hours to complete the career major, a resident student will be charged an additional \$400 (200 X \$2.00); a nonresident student will be charged an additional \$800 (200 X \$4.00); an out-of-state student will be charged \$1,600 (200 X \$8.00).

These additional costs will not qualify for financial aid benefits. If the student does not complete the career major after the extension, the Instructional Director will determine whether to terminate the student or offer another extension. If these hours extend into the following school year, the student will also be required to pay a \$25 re-enrollment fee.

INSTITUTIONAL REFUND

If a student withdraws from school after enrolling in a full-time program, a refund of tuition will be made according to PTC school board policy *FDBA*. In addition to Pioneer Tech's refund policy, students receiving Federal and State financial aid are subject to the Federal and State financial aid refund policies as published by the Department of Education and the Oklahoma State Regents for Higher Education and referred to in the Consumer Information Guide. The Tuition Fees (Refund) Policy is provided in Appendix A. (*Reference policy FDBA*).

BOOKS / SUPPLIES / UNIFORMS

Costs for books, supplies, and uniforms vary by career major. A complete list of books and supplies is available from the Bursar and on the Pioneer Technology Center website (www.pioneertech.edu). Bookstore charges funded through a financial assistance plan must be completed within the first two weeks of training. Uniform cost and purchase options will be provided.

STUDENT ACTIVITY FEE

A \$25.00 (nonrefundable) student activity fee is required of all enrolling students. This activity fee is applied toward student activity costs. Beginning the 2024-2025 school year the fee will increase to \$30.00.

FINANCIAL AID/ASSISTANCE

Pioneer Technology Center offers financial aid to qualified students. Financial assistance may consist of scholarships, grants and tuition waivers which may be offered singly or in various combinations depending on the degree of student need and eligibility. Pioneer Technology Center does not participate in any student loan programs. Additional financial aid and compliance information is available on the Pioneer Technology Center website: www.pioneertech.edu.

FINANCIAL AID PROGRAMS OFFERED BY PTC

FEDERAL PROGRAM(S)

Federal Supplemental Educational Opportunity Grant (FSEOG)

The FSEOG is a grant for undergraduate students with exceptional financial need. To establish eligibility, the Free Application for Federal Student Aid (FAFSA) must be completed so the amount of financial need a student has can be determined.

Pell Grant

This is a federally funded grant program which provides funds for adult students to attend post-secondary education. Any post-secondary student may apply online at <https://studentaid.gov/>.

STATE PROGRAM(S)

Oklahoma Tuition Aid Grant Program (OTAG)

This is a federally funded program administered on the state level. Students who have completed the FAFSA have automatically applied for OTAG. It is recommended that a student file as soon as possible after October 1st.

Oklahoma's Promise

Students must apply for this scholarship during eighth, ninth or tenth grade; students must meet certain income eligibility, academic and conduct requirements. This scholarship may be used at Oklahoma accredited public and private colleges and for post-secondary vocational-technical programs eligible for federal student financial aid at a technology center school.

SCHOLARSHIPS/TUITION WAIVERS

Pioneer Technology Center offers the scholarship opportunities explained below to its students. Additionally, many PTC students have been successful in securing scholarships from some of the local civic organizations such as Soroptimist and Community Health Foundation. These opportunities vary by dates and amounts. Applications for scholarships awarded through PTC are available in the Financial Aid Office. Applications for Tuition Waivers are available in the Student Services Office.

Pioneer Technology Center Foundation Scholarship

In 1998, a group of Kay County individual, dedicated to helping PTC students, formed a foundation to provide scholarships. These scholarships vary in amounts and are awarded by the executive board of the Foundation. See the Financial Aid Officer for complete details.

Olin and Paula Branstetter Memorial Nursing Scholarship

In May 2017, the Branstetter Family established a scholarship in memory of their parents. The intent is to award the scholarship to a student in the Practical Nursing program who exhibits good character traits such as honesty, integrity, courage, determination, dedication and perseverance in combination with academic achievement. The scholarship will vary in amount and be awarded once annually in March. Applications will be available February 1st of each year in the Financial Aid Office.

Oklahoma CareerTech Foundation Scholarship

The Oklahoma CareerTech Foundation was formed in 1970 for the purpose of administering scholarship monies generated by gifts from individuals who have expressed concern for the continued advancement of career and technical education in Oklahoma. These scholarships are unique in that they are reserved for deserving adult students who may not qualify for other student assistance programs. They are also unique in that they are awarded more on the basis of need and commitment than on good grades alone.

<https://oklahoma.gov/careertech/about/foundation/scholarships.html>

Industrial Tech Memorial Scholarship

In May 2019, an anonymous donor established a scholarship in memory of their son. The scholarship is open to any adult Industrial Technology student with a financial need that has completed at least one semester in the IT program. Funds must be used to assist with the cost of tuition, fees, books and/or tools. The scholarship will vary in amount and be awarded once annually in March. Applications will be available February 1st of each year in the Financial Aid Office.

13th Year Tuition Waiver

The opportunity exists for recent high school graduates to complete the training program started as a high school student at PTC by obtaining one of the school's 13th Year Tuition Waivers. These waivers are available, on a limited basis, to qualified high school graduates within the PTC district.

First Time Student Tuition Waiver

Pioneer Technology Center's Board of Education made a commitment to the residents of District #13 that qualifying graduates from any of PTC's in-district high schools have the opportunity to attend tuition free. Students may take advantage of this opportunity until the age of 23. These waivers are available, on a limited basis, to qualified high school graduates within the PTC district.

ELIGIBILITY FOR FINANCIAL AID PROGRAMS OFFERED BY PTC

A student must meet the following requirements in order to be eligible for financial aid programs offered by PTC:

1. Have a valid Institutional Student Information Report (ISIR);
2. Be a regular student enrolled in a program of at least 600 clock hours;
3. Be a U.S. citizen or eligible non-citizen. Eligible non-citizens may be required to furnish proof of immigration status. The aid office will advise the student what documentation is needed;
4. Be in good standing and maintain satisfactory academic progress in the course of study s/he is pursuing according to the standards of PTC;
5. Not owe a refund on any grant, is not in default on any student loan, and has not borrowed in excess of loan limits under Title IV programs at any institution;
6. Agree to use all Title IV money received only for expenses related to study at PTC;
7. Have a valid social security number, except students from the Republic of the Marshall Islands, the Federated States of Micronesia or the Republic of Palau;
8. Have a high school diploma, HSE, or home school affidavit;
9. Is not simultaneously enrolled in an elementary or secondary school;
10. Certify, by signing a statement of Educational Purpose, that s/he will use federal student financial aid only to pay for educational costs;
11. Have financial need, if applicable.

SATISFACTORY ACADEMIC PROGRESS (SAP)

All students at Pioneer Technology Center must be making satisfactory progress toward completion of their identified training goals. Therefore, in order for a student to remain eligible for federal financial aid, s/he must maintain Satisfactory Academic Progress (SAP). All students are considered to be making SAP at the time of enrollment. SAP is comprised of both qualitative and quantitative measures. A student is in compliance with Federal Student Aid SAP requirements if the percent of curriculum hours completed meets or exceeds the percent of clock hours completed (quantitative standard) and maintains a cumulative grade of "C" or better (qualitative standard), and are in compliance with PTC's 90% attendance policy. SAP is verified at the end of each payment period. Failure to meet SAP will result in the loss of eligibility to receive federal financial aid. If a student fails to maintain SAP, s/he will be notified in writing. Due to the length of career majors PTC will not utilize the financial aid warning option. Additionally, all career majors must be completed within 150% of the established time. Example: A 1050-hour career major must be completed in 1575 hours ($1050 \times 150\% = 1575$). If at any point the student is not progressing at the 150% pace his/her financial aid will be terminated. Should there be extenuating circumstances that prevent the student from achieving this requirement the student can file an appeal (with documentation) requesting additional time.

A student may appeal the initial termination of financial aid. The appeal form will be included with the notification of funding termination. The student must answer why s/he failed to meet SAP standards, what has changed in his/her circumstances, and what s/he plans to do differently from the past in order to meet minimum SAP standards. The student has (10) working days from the date of the notification to submit the appeal form and documentation to the Financial Aid Officer. The appeal will be reviewed by the Financial Aid Officer and an Appeals Committee. The Appeals Committee will determine whether 1) the student's financial aid will be reinstated with no action; 2) the student's financial aid will be reinstated on a probationary basis with attendance monitoring and/or an academic plan; or 3) the student's financial aid eligibility will be terminated. A student can regain eligibility by attending one payment period on a self-pay (or agency funded) basis. The student must request reinstatement of federal financial aid in writing. Upon receipt of reinstatement request, will be reviewed by the financial aid officer. The student will be notified in writing regarding his/her eligibility status.

GUARANTEED GRADUATES

Pioneer Technology Center believes that in order to be successful in a career, individuals must meet the academic and technical standards related to their career of choice. To that end, PTC offers rigorous programs of study designed in cooperation with business and industry to ensure that students are fully prepared for the demands of the workplace.

The **PTC Guaranteed Graduate** program allows employers to hire PTC graduates with the confidence of knowing that their new employees have the backing of the school that prepared them for the job. Being a Guaranteed Graduate is something that is *earned* by our graduates. Students are encouraged to strive for this goal beginning at the time of enrollment.

Candidates for this program undergo a rigorous screening process to make sure that they are ready to work. When a student completes the following standards, they will be considered a "Guaranteed Graduate" of PTC:

- Verification of HS Diploma or High School Equivalent
- Completion of all Career Major course requirements
- PTC GPA ≥ 3.0
- PTC Attendance 6 absences/year (3 tardies = 1 absence)

If the employer experiences issues or concerns with a Guaranteed Graduate's performance at any time during the first 90 days of employment, the employer can contact PTC to give us the opportunity to coach the graduate and provide additional support. PTC will provide re-training, coaching and support for the Guaranteed Graduate at no cost to the graduate or the employer. PTC stands by our graduates!

STUDENT CERTIFICATION/LICENSING EXAMINATIONS AND FEES

Pioneer Technology Center recognizes there is an important public purpose served by expending funds to reimburse students for the direct costs of trade-specific industry certification and/or licensing examinations and/or fees related to students' programs of study where applicable. Pioneer Technology Center believes that providing for the direct costs of students' certification and/or licensing examinations and/or fees will assist to increase the number of students who obtain certification and/or licensing and ultimately benefit the public by having an increased number of certified and/or licensed personnel in a given area of study.

Pioneer Technology Center will reimburse the student for one examination or one fee per certification or license. Each student will be limited to a total accumulated assistance of \$200 regardless of the length of study or change of major. This program may be discontinued at any time, including but not limited to when 1) the allocated budget is exhausted or 2) Pioneer Technology Center's Board of Education discontinues the program.

These skills are valuable for any occupation at any level of education.

WORK-BASED LEARNING ACTIVITIES (WBL)

Pioneer Technology Center students are encouraged to experience “life in the workplace” through work-based learning opportunities. A student must meet the following requirements before being placed in an employment training activity:

1. The employment training activity must be scheduled through the program instructor.
2. The student must maintain satisfactory academic progress through the date on which the employment training assignment is to begin.
3. The student must be placed in the field of the program enrolled.
4. The student must have completed and returned (to the instructor) all required documents prior to being released to the employment training assignment.

class the following day.

7. Deviations from this plan can be made at the agreement and the discretion of the Instructional Director and the classroom instructor.

Note: Due to the nature of some programs and clinical/work-based learning, appropriate vaccinations/health assessment may be required by the assigned worksite in order for students to participate.

SAFETY

Safety is very important at Pioneer Technology Center. Students are expected to practice safety at all times while on Pioneer Technology Center campus and while participating in school activities off campus. Students are required to achieve 100% on departmental safety tests before proceeding with curriculum. Eye protection is required in industrial shop areas. Hearing protection is required in specific shop areas. **Pioneer Technology Center does not insure students.** If you do not have a family health and/or accident policy, please consider obtaining one.

ASBESTOS INSPECTION

The U.S. Environmental Protection Agency (EPA) has required that all public schools will be inspected for the presence of asbestos and is to develop a management plan, which identifies and defines procedures for managing and scheduling re-inspection of all asbestos in the school. Pioneer Technology Center has been inspected for asbestos and has completed a management plan that may be reviewed during regular working hours in the office of the Plant/Facilities Coordinator.

THREATS / ORDER OF PROTECTION

If threats of violence are being made to harm a student or staff member, a report must be made immediately to a PTC Administrator. When a Court Order of protection has been issued for or against a student or staff member, the Court Order must be immediately provided to a PTC Administrator.

DRILLS

PTC prepares staff and students to appropriately react to emergency situations by planning and executing required drills including fire, tornado, intruder, lockdown and other safety drills. These drills may occur at any time during the school day and throughout the school year.

FIRE DRILLS

SIGNAL: The signal for a fire drill is an automated message. Exit immediately as follows:

- If your room has an outside door, use it.
- Walk rapidly.
- Do not crowd or push.
- Exit the building immediately when the alarm sounds using the closest exit route; do not return to any area for personal possessions, books or equipment.
- When leaving the building, please get a considerable distance away from the entrance so that others will have no difficulty leaving the building.
- When clear of the building, report to your instructor for roll call.

POSTED IN EACH CLASSROOM IS A FIRE ESCAPE ROUTE. FOR YOUR PROTECTION, LEARN YOUR EXIT ROUTE.

TORNADO WARNING

It is important that precautions should be taken so that everyone knows what to do in case of a tornado alert. In accordance with general recommendations made by the Oklahoma Civil Defense, the following regulations have been prepared for use.

SIGNAL: The signal for a tornado alert is a verbal alarm. This alarm shall be given over the P.A. system. In the event of electrical failure, air horns and verbal instructions will be used. Move to the designated area immediately as follows:

- Walk rapidly.
- Do not crowd or push.
- When safely in the designated refuge area, report to your instructor for roll call.

POSTED IN EACH CLASSROOM IS A DESIGNATED REFUGE AREA MAP. FOR YOUR PROTECTION, LEARN THE LOCATION OF YOUR REFUGE AREA.

ARMED SCHOOL EMPLOYEES

The Pioneer Technology Center Board of Education is committed to providing a safe environment for students and employees. To further this commitment, the board has designated select employee(s) to carry a handgun on school property. These individuals may use whatever force is necessary to protect students and staff.

INTRUDER ALERT / ACTIVE SHOOTER

Notification of an intruder in the building may take a variety of forms: telephone, in-person, announcement, etc. In the event of an intruder in the building, students will be directed to the most secure location in the immediate area (i.e. area with covered or no windows, etc.) If you are separated from your class or away from your usual area, go with the nearest PTC staff person to a secure location. If you are unable to locate assistance, find the closest enclosed location with the least visibility. Do not leave a secure location until your instructor, a PTC staff member or a law enforcement officer advises you (in person) to do so.

HOW TO RESPOND WHEN AN ACTIVE SHOOTER IS IN YOUR VICINITY

Quickly determine the most reasonable and safest way to protect your own life. Active shooter situations are unpredictable and evolve quickly.

IF YOU CAN ESCAPE

If there is an accessible escape path, attempt to evacuate the premises. Make sure you:

- Listen for the sound of gun fire, and move accordingly.
- Determine an escape route.
- Evacuate regardless of whether others agree to follow. Warn others of the danger.
 - Leave your belongings behind.
 - If possible, help others escape.
 - Do not attempt to move wounded people.
 - Keep your hands empty and visible and fingers spread apart during evacuation.
 - Keep quiet.
 - Follow instructions from law enforcement.
- Call 9-911 (from any campus phone) when you are safe.
- Reunification locations (TBD)

IF YOU MUST HIDE OUT

If evacuation is not possible, find a place to hide from where the active shooter is less likely to find you.

- Lock the door and turn off the lights.
- Response professionals recommend you turn off your cell phone and any other noise source that will give away your position (i.e., computers, radios, televisions).
- Bring items with you that may help to fight the shooter.
- Keep out of view of the shooter.

- Provide protection if shots are fired in your direction (i.e., make body armor with text books, heavy purses, backpacks, etc.).
- Barricade entrances. Stack furniture deep, wide and high.
- Hide behind large items (i.e., cabinets, desks).
- Do not restrict your options for movement.
- Remain quiet.

TAKE ACTION AGAINST THE ACTIVE SHOOTER

As a last resort, and only when your life is in imminent danger, attempt to disrupt and/or incapacitate the active shooter by:

- Attempting to take the active shooter down. When the shooter is at close range, and you cannot flee, your chance of survival is much greater if you try to incapacitate him/her with whatever means available.
- Adopt the survival mindset during times of crisis.

LOCKDOWN

In some instances, lockdown of classrooms, lab/shop areas, offices and meeting rooms may be required. Notification of a lockdown is made over the intercom. All doors will be locked by PTC staff and will remain locked until the threat has been resolved. If you are in a location other than your classroom (i.e. cafeteria; bathroom; etc.) when a lockdown is issued, you should return to your classroom immediately. An announcement will be made over the intercom when the lockdown is over.

VISITORS/ACCESS TO STUDENTS

Students are not allowed to receive visitors during class except with the permission of the Instructional Director. A Pioneer Technology Center administrator will act in loco parentis to protect the interest of minor students when allowing a minor student to be interviewed by appropriate authorities on school premises.

FREEDOM OF EXPRESSION

Pioneer Technology Center is committed to the free and open exchange of ideas. PTC guarantees students, staff and visitors broad latitude regarding their rights to speak, write, listen, learn and assemble. Except where limitations on those rights are necessary to avoid disruption of the educational process, to protect minors, and to avoid lewd, vulgar and dangerous speech—PTC does not interfere with the exercise of free speech rights as defined by federal and state laws.

The outdoor areas of any campus of the technology center are deemed public forums for the campus community, and the technology center will not create "free speech zones" or other designated areas of campus outside of which expressive activities are prohibited. The technology center may maintain and enforce reasonable time, place and manner restrictions narrowly tailored in service of a significant institutional interest when the restrictions employ clear, published, content- and viewpoint-neutral criteria and provide for ample alternative means of expression. Any such restrictions shall allow for members of the campus community to spontaneously and contemporaneously assemble and distribute literature. Nothing in this paragraph shall be interpreted as applying to student expression taking place elsewhere on campus.

Any person who wishes to engage in noncommercial expressive activity on campus shall be permitted to do so freely, as long as the person's conduct is not unlawful and does not materially and substantially disrupt the functioning of the technology center.

Pioneer Technology Center may prohibit harassment, or may prohibit, limit, or restrict expression that the First Amendment does not protect as defined in policy FNAA.

Conduct that intentionally, materially and substantially disrupts another person's expressive activity if that activity is occurring in a campus space reserved for that activity under the exclusive use or control of a particular group is prohibited.

Nothing in this policy shall prohibit the technology center from maintaining and enforcing reasonable time, place, and manner restrictions that are narrowly tailored to serve a significant institutional interest only when such restrictions employ clear, published, content- and viewpoint-neutral criteria. Any such restrictions shall allow for members of the campus community to spontaneously and contemporaneously assemble, speak, and distribute literature.

STUDENT ATTENDANCE/BEHAVIOR EXPECTATIONS/ATTENDANCE POLICY

The Pioneer Technology Center Board of Education believes that in order for students to realize their fullest potential from educational efforts, they should attend all classes if possible. However, it is important for those students who are ill to stay home. Students who have a fever or a measured temperature greater than or equal to 100 degrees Fahrenheit should not be at school or school activities.

Each instructor has a classroom management tool that assesses the value of each day's curriculum and documents the measurable loss to the student for failure to attend and be punctual, perform-personal responsibility and task management, and maintain safety.

Excused absences will be granted for the following reasons:*

1. Personal or family illnesses
2. Medical appointments
3. Legal matters, including service on a grand, multicounty grand, or petit jury
4. Extenuating circumstances deemed necessary by the instructional director
5. Observance of holidays required by student's religious affiliation

It is the responsibility of the parent/guardian or adult student to notify the school if a student is to be absent for one of the above reasons. **Documentation must be provided before the absence can be excused.**

Secondary students will be allowed to be absent to participate in authorized sending school activities (SSA), Pioneer Tech School Activities (PSA) and Work-Based Learning (WBL). Absences due to school activities shall be recorded as SSA, PSA, or WBL and are not counted against student attendance. School activity absences shall not be counted in the accumulated hours present as shown on the permanent records. Unexcused absences are any absences that do not fall within one of the above categories.

Students having less than 90% attendance will not be eligible for course credit and NC will be recorded on his/her PTC transcript. Percent of attendance calculation is based upon days present divided by the number of days in which the student is enrolled during the grading period. For this calculation, three (3) tardies or early out(s) are equal to one (1) absence. A full-time adult student must maintain 90% attendance in both the a.m. and p. m. sessions. Failure to do so will result in loss of credit. NC will be reported to the appropriate sending school for secondary students who have less than 90% attendance. Students who receive No Credit resulting from failure to attend may be ineligible for continued enrollment.

Any student who falls below the 90% attendance requirement may appeal to the instructional director for reinstatement of credit. Consideration will be given as to the reason for the absences as well as to the attempts by

parents to minimize the absenteeism.

***Note:** Documented and undocumented absences count toward attendance totals for financial aid requirements.

Online/Virtual Attendance (Not available to students receiving Federal Financial Aid)

A student will not be considered absent from school if:

1. Online/Virtual instruction is available in program enrolled.
 - a. theory only, skills/clinicals must be in-person instruction
2. They are not physically present at school but are completing work in a distance learning program or virtual online program approved by the school district and are meeting the following attendance requirements:
 - a. The student has completed instructional activities for no less than ninety (90%) of the time that services were provided in a virtual or distance learning format. Instructional activities may include online logins to curriculum or programs, offline activities, completed assignments, testing, face-to-face communications or meetings with school personnel via teleconference, videoconference, email, text, or phone,
 - b. The student is on pace for on-time completion of the course as required by the school district,
 - c. The student has completed instructional activities within the time that services were provided in a virtual or distance learning format during the academic year; or
3. They have a medical condition that incapacitates the student and precludes them from participating in instruction in a traditional school setting and the student is able to progress in instruction via alternative education delivery methods approved by the local board of education.

***Note:** Need-based access to online/virtual instruction may be provided on a limited basis pending Instructional Director approval.

Students who experience absences due to a severe, chronic, or life-threatening physical or mental illness, injury, or trauma may qualify for a Leave of Absence according to the PTC Student Handbook.

INCLEMENT WEATHER

Pioneer Technology Center campus closures due to hazardous weather conditions are reported to area television and radio stations. In addition, a message is sent through a student notification system to all students via automated phone call. Additionally, school closings are listed on PTC social media. If there is no announcement regarding campus closure, PTC is open and students are expected to attend. In the event that Pioneer Technology Center is open and a partner school district is closed due to weather/road conditions, PTC will not run bus transportation to/from that district and high school students are not expected to attend.

Adult students are encouraged to exercise good judgment regarding traveling in inclement weather. If Pioneer Technology Center is in session, absences are recorded. Although absences due to inclement weather are not excused, a notation can be made in the student's attendance record.

LEAVE OF ABSENCE

A Leave of Absence (LOA) is defined as a period of time which can be granted to students for circumstances which require the student to be absent from school for five (5) or more consecutive class days (not to exceed thirty (30)

calendar days). A student can receive one (1) LOA in a twelve- (12) month period. Requests for additional LOAs will be considered (on a case-by-case basis) based on the nature and gravity of the incident prompting the request. Requests for an extension to an approved LOA will also be considered on a case-by-case basis. Application for a LOA must be made in advance. Exceptions may be considered if the student can show with proper documentation that it was not possible to make the request in advance. A doctor's note does not remove the student's obligation to officially request a leave of absence. If a student fails to return to school at the end of the LOA, the school must treat the LOA as withdrawal. In such an event, the effective date of the withdrawal is the beginning date of the LOA. The Leave of Absence process should originate with the PTC Counselor. The student and counselor will develop the specific details of the Leave of Absence with input from the student's instructor and the Financial Aid Officer (as needed). The Instructional Director will approve or deny the LOA request. The student will report to the Full-time Programs Registrar upon return to classes; the Full-time Programs Registrar will notify the Instructor, Instructional Director, Counselor, Bursar and Financial Aid Officer of the date of return. The counselor will monitor the LOA return date and will process a student drop for failure to return.

NOTE: This Leave of Absence process does not apply to the PTC Practical Nursing program. For information specific to the PN program, contact the Adult Health Programs Instructional Director.

RELEASE FROM CLASS/LEAVING CAMPUS

Under no conditions will any student leave the PTC campus during scheduled class times without gaining the instructor's permission and signing out in the Full-Time Programs Office. High school students will not be allowed to leave campus until parent/guardian contact is made.

STUDENT CODE OF CONDUCT

All students are expected to act with due consideration for the rights and needs of others. Appropriate language, grooming, dress, and conduct of good taste are essential qualities of successful employees; therefore, only the best is expected of Pioneer Technology Center students.

The goal of the PTC disciplinary policy is to promote adherence to the policies and regulations of the district and to correct misconduct. Pioneer Technology Center, in order to provide quality education for all students, will not tolerate disruptive acts that would interfere with the tranquility of the school, the safety of students or the damaging of property. Students, while enrolled in Pioneer Technology Center, shall be under the supervision of, and accountable to, school personnel. All staff members have the responsibility to monitor for and address inappropriate student conduct. This includes travel to/from campus and school-related activities as well as time spent on campus and/or at the location of any school-related activity. In addition, each instructor has the responsibility and authority to establish a classroom atmosphere conducive to quality education and training. Students are expected to adhere to classroom rules and procedures as set forth by PTC instructors.

Administrative response to student misconduct is a matter directly influencing the morale of the entire student body. As such, all student discipline will be based on a careful assessment of the circumstances surrounding each infraction (i.e., the student's attitude and the seriousness of the offense and its potential effect on other students.) *(Reference policies FO and FO-R4 in Appendix A of this handbook.)*

TERMS AND CONDITIONS FOR NETWORK SYSTEMS & INTERNET USE

Internet access is available to students and staff in Oklahoma public school districts. Accessing the Internet will allow students and instructors to utilize vast resources of information from many locations. It is the policy of the Board of Education that all students and employees of this district be made aware of the Board's intention to maintain a drug and alcohol free environment. This policy applies to any location at which school business or activity is conducted. A list of controlled dangerous substances and their side effects is printed in the Drug Abuse Prevention Program Information section of this handbook. For health hazards or other information associated with drug or alcohol use, contact a PTC counselor or instructor.

Any student found to be in possession of, or to have sold or transferred alcoholic beverages, nonalcoholic beverages, beer of any type, or controlled dangerous substance (including medical cannabis), as defined by the statutes of the State of Oklahoma, while attending school, on school premises, or at a school sponsored function, either as a participant or spectator, shall be dealt with according to Pioneer Technology Center School Board Policy. *(Reference policies FO and FO-R4 in Appendix A of this handbook.)* Any suspension and/or search of said student shall be subject to any applicable state statute and school policy.

ADMINISTRATION OF MEDICATION TO STUDENTS

It is the policy of the Pioneer Technology Center Board of Education that if a student is required to take medication during school hours or while attending a school activity, and the parent or guardian cannot be present to administer the medication or if circumstances exist that indicate it is in the best interest of the student that a prescribed medication be dispensed to that student, the Instructional Director, or the director's designee, may administer the medication, only as allowed by PTC Board Policy FFACA.

Self-administration of medication by a student for treatment of asthma, anaphylaxis, diabetes or cystic fibrosis is permitted with written parental authorization. The parent or guardian of the student must also provide a written statement from the physician treating the student that the student has asthma, anaphylaxis, diabetes or cystic fibrosis and is capable of, and has been instructed in the proper method of, self-administration of medication. Additional criteria are outlined in PTC Board Policy FFACA. *(Reference policy FFACA in Appendix A of this handbook.)*

IMMUNIZATIONS

The board of education shall require that no child be admitted to this school unless and until certification from a licensed physician or authorized representative of the State Department of Health is presented to the school administrators that such child has received or is in the process of receiving the immunization required by the State Department of Public Health unless an exemption has been granted from the immunizations on medical, religious, or personal grounds. The local school administration through which a student is enrolled in Pioneer Technology Center classes may certify such evidence. *(Reference policy FFAB in Appendix A of this handbook.)*

SCHOOL BUS TRANSPORTATION

Secondary students may be required to use school bus transportation to and from PTC, as determined in joint agreement with each partner school. Permission of the partner high school is required to use private transportation of any type. Adults may use school transportation (where space is available) by making arrangements with the PTC Instructional Director or an administrator of the school furnishing the school bus and driver.

The drivers of all school bus transportation are certified personnel with the same authority as a classroom instructor and are charged to maintain a safe and comfortable transportation system. Each passenger (student) using the school bus transportation must abide by all boarding, traveling, and exiting safety precautions as outlined in Pioneer Technology Center board policy. *(Reference policy FFFF-R1 in Appendix A of this handbook.)*

*** * * A CURRENT BUS SCHEDULE MAY BE OBTAINED FROM THE STUDENT SERVICES OFFICE. * * ***

PRIVATE TRANSPORTATION

Permission of the partner high school is required for secondary students to drive or ride to and/or from Pioneer Technology Center in private vehicles. Authorization must be granted by a partner school administrator **prior to** using private transportation.

All students must register the vehicle(s) they are driving to PTC. A parking decal will be issued for each vehicle registered and must be displayed in the required location. The north and west parking lots are designated parking for all students; students are not allowed to park in any other locations on campus. Vehicles must be promptly parked upon arrival and not moved until the end of the class session. Students are not to be in the parking lot during class hours.

Reckless or careless driving will result in suspension of driving privileges. Violation of rules, excessive tardiness, and/or absences may cause the loss of driving privileges. Any student's vehicle, and its contents, will be subject to a thorough search whenever, in the opinion of school officials, a reasonable suspicion for said search exists.

NO EXPECTATION OF PRIVACY

Students have no reasonable expectation of privacy. It is the policy of the Board, that the Superintendent, program administrator(s), instructor(s), and security personnel shall have the authority to search a student and a student's property when there is reasonable suspicion for such searches. School personnel shall have access at any and all times to any vehicle on school property. Locked containers (school lockers and other storage areas or compartments) are subject to being forcibly opened.

DISCIPLINARY ACTION

Pioneer Technology Center serves as an extension of the high school for students currently enrolled in a high school. Secondary student discipline and control shall be a cooperative effort between the partner high school and the CareerTech center. Each institution shall enforce rules and regulations in accordance with its board approved policies. It is the intent of the Pioneer Technology Center administration to involve the parent of minor secondary students early in the discipline process. Parental support is encouraged and solicited. In administering discipline, consideration will be given to available alternative methods of punishment to ensure that the most effective discipline is administered in each case. In all disciplinary action, the administration will be mindful of the fact that they are dealing with individual personalities. School policy will be followed when punishment is warranted.

70 O.S. §24-101.3 (E) states that a student who has been suspended out-of-school from a public or private school in the State of Oklahoma or another state for a violent act or an act showing deliberate or reckless disregard for the health or safety of faculty or other students shall not be entitled to enroll in this school district until the terms of the suspension have been met or the time of suspension has expired.

This district shall not provide education services in the regular school setting to any student who has been removed from any public or private school in Oklahoma or any other state until the district determines that the student no longer poses a threat to himself or others.

TDD has been installed, as well as fire alarms that are both strobe and sound, automatic wheelchair doors have been installed at the two main entrances, and accessible door handles will be installed as necessary. A well-planned safety program is conducted at Pioneer Technology Center and each area of instruction follows safety practices appropriate to that program and in compliance with the Occupational Safety and Health Act (OSHA). Any handicapped person requiring specific information regarding special services or facilities should contact a PTC Compliance Officer between 8:00 a.m. and 4:00 p.m., Monday through Friday.

USE OF MULTIPLE OCCUPANCY RESTROOMS

Pursuant to SB615 (2022), each multiple occupancy restroom and changing area located in public schools or CareerTech Center shall be designated as either for the exclusive use of the male sex or for the exclusive use of the female sex. "Sex," for the purposes of this policy is defined as the physical condition of being male or female based on genetics and physiology, as identified on the individual's original birth certificate.

Multiple occupancy restroom or changing area is defined as an area in a school building designed or designated to be used by more than one individual at a time, where individuals may be in various stages of undress in the presence of other individuals. The term may include but is not limited to a school restroom, locker room, changing room, or shower room.

For more information, refer to policy GKF - USE OF MULTIPLE OCCUPANCY RESTROOMS AND CHANGING AREAS in the policy section of this handbook.

SERVICE ANIMALS

PTC acknowledges its responsibility to permit students and/or adults with disabilities to be accompanied by a service animal in its facilities and programs and intends to comply with all state and federal laws, rules and regulations regarding the use of service animals by students with disabilities.

PTC does **not** allow the following types of animals in its facilities and programs unless specifically authorized by the board of education:

“Emotional support animal” meaning an animal selected to reside with an individual with a disability that does not work or perform tasks for the benefit of an individual with a disability and does not accompany at all times an individual with a disability; and

STUDENT DUE PROCESS—DISCIPLINE, SUSPENSION

In the event that a minor student is suspended, the parent/guardian shall be notified by phone and a written report of the situation (charged violation), including the student’s due process rights, shall be delivered or mailed to that parent.

Due process procedures will be followed as outlined in the PTC school board policies. (*Reference policies FO and FO-R4 in Appendix A of this handbook.*) When a student has been suspended from school for disciplinary purposes, upon returning to school after suspension, s/he should report to the Instructional Director.

All discipline other than suspensions may be made summarily, based upon reasonable suspicion and a preponderance of evidence collected by the appropriate administrator or instructor. There must be an orderly administration of any system of discipline. An accusation or the lodging of a charge is not the equivalent of guilt. Guilt must be determined in an evidentiary hearing.

Corporal punishment is not a part of the discipline policy of Pioneer Technology Center.

If you identify a potential security problem on the Technology Center system or the Internet, you must notify the system administrator immediately. All system users shall avoid the accidental spread of computer viruses by strict adherence to Technology Center policies governing the downloading of software. No system user may use the system to "hack" or attempt to gain unauthorized access to any other computer system, network or site or any unauthorized portion of the Technology Center's system.
8. **Inappropriate Material.** Access to information shall not be restricted or denied solely because of the political, religious or philosophical content of the material. However, system users must realize that rights go hand-in-hand with responsibilities and agree not to use the Technology Center system to access information or to distribute information or material which is:

2. Prevent unauthorized access and other unlawful online activity;
3. Prevent unauthorized online disclosure, use, or dissemination of personal identification information of minors; and
4. Comply with the Children's Internet Protection Act [Pub. L. No. 106-554 and 47 USC 254(h)].

Definitions

Key terms are as defined in the Children's Internet Protection Act.

Access to Inappropriate Material

To the extent practical, technology protection measures (or "Internet filters") shall be used to block or filter Internet, or other forms of electronic communications, access to inappropriate information.

Specifically, as required by the Children's Internet Protection Act, blocking shall be applied to visual depictions of material deemed obscene or child pornography, or to any material deemed harmful to minors.

Subject to staff supervision, technology protection measures may be disabled for adults or, in the case of minors, minimized only for bona fide research or other lawful purposes.

Inappropriate Network Usage

To the extent practical, steps shall be taken to promote the safety and security of users of the Pioneer Technology Center online computer network when using electronic mail, chat rooms, instant messaging, and other forms of direct electronic communications.

Specifically, as required by the Children's Internet Protection Act, prevention of inappropriate network usage includes: (a) unauthorized access, including so-called 'hacking,' and other unlawful activities; and (b) unauthorized disclosure, use, and dissemination of personal identification information regarding minors.

Education, Supervision and Monitoring

It shall be the responsibility of all members of the Pioneer Technology Center staff to educate, supervise and monitor appropriate usage of the online computer network and access to the Internet in accordance with this policy, the Children's Internet Protection Act, the Neighborhood Children's Internet Protection Act, and the Protecting Children in the 21st Century Act.

Procedures for the disabling or otherwise modifying any technology protection measures shall be the responsibility of Pioneer Technology Center Network Administration or designated representatives.

INTERNET SAFETY (Cont.)

Pioneer Technology Center staff will provide age-appropriate training for students who use the Pioneer Technology Center's Internet facilities. The training provided will be designed to promote the Pioneer Technology Center's commitment to:

1. The standards and acceptable use of Internet services as set forth in the Pioneer Technology Center's Internet Safety Policy;
2. Student safety with regard to:
 - a. safety on the Internet;
 - b. appropriate behavior while on online, on social networking Web sites, and in chat rooms; and
 - c. cyber bullying awareness and response.
3. Compliance with the E-rate requirements of the Children's Internet Protection Act ("CIPA").

Following receipt of this training, the student will acknowledge that he/she received the training, understood it, and will follow the provisions of the District's acceptable use policies.

TUITION FEES

Students enrolling in Pioneer Technology Center programs may be charged tuition fees in accordance with board-approved rates. The board of education will review the tuition fee schedule on an annual basis.

ADULT TRAINING AND DEVELOPMENT PROGRAMS

Tuition and Refunds

1. Upon request, enrollments are refunded less \$10.00, if the student cancels enrollment before the second class meeting. (This does not apply to 1 day or 3 hour courses). No refunds will be issued after the second class meeting, whether or not the student attends any classes. Special circumstances may be considered and will be at the discretion of the school administration (i.e. natural disaster, death of spouse, severe illness, etc.)
2. Tuition for out-of-district post-secondary students is double that of in-district students; however, out-of-district students may enroll with the following options: (1) they may pay double tuition and be assured of enrollment in the program; or, (2) they may choose to wait until one week prior to class starting and enroll at in-district rates only after the in-district needs have been met and if space is available.
3. If, one week prior to the beginning of class, space is available, the district is authorized to provide free tuition for full-time employees, board members, spouses and dependent children of full-time employees or board members desiring to attend Pioneer Technology Center courses. Full-time employees of sending school districts may attend courses for one-half of normal tuition rates. District employees, board members, and full-time employees of sending schools who receive this benefit are responsible for the cost of books and other non-tuition fees. Note: A PTC full-time employee, board member, spouse or dependent can guarantee a seat in any "high" demand course by paying for ½ of the tuition fee.
4. Pricing may be adjusted for special programs, promotions and referrals.

FULL-TIME PROGRAMS

There are no tuition fees for district secondary students enrolling in daytime courses. Out-of-district secondary and postsecondary students will be charged a tuition fee based on the length of instruction and residency status. Tuition for an out-of-district adult student shall be double the amount of an in-district adult student. Adult out-of-state tuition shall be double the amount of an out-of-district adult student. Tuition for non-district secondary students is established by the Oklahoma State Board of Career and Technology Education. This rate is updated annually and is available through the Bursar. Pricing may be adjusted for special programs. A chart of the currently approved tuition rates will be listed in the student handbook.

At the time of enrollment in full-time career majors, a \$25.00 non-refundable enrollment fee is required of all adult students. Two weeks prior to a successful practical nursing applicant's start date; a \$50 deposit toward tuition must be paid to secure his/her place in class. This deposit is applied toward tuition. A \$25 school enrollment fee is due at this time also. This enrollment fee is non-refundable and does not apply toward tuition. The balance of the tuition shall be paid in full by the end of the second week the student is enrolled in school, unless payment arrangements have been made.

Students receiving financial support for tuition shall present a letter certifying the support agency. Such agencies may include Vocational-Rehabilitation, Workforce Investment, tribal programs, and scholarships.

A 50% refund will be made if the withdrawal occurs within 11-20 school days. After the 20th school day of the defined payment period, there will be no refund for that period.

The program administrator shall take whatever reasonable action is deemed necessary. For a second occurrence, the student shall be placed on probation in addition to the above notification and bus privileges shall be withdrawn. The loss of bus privileges may cause a student to be ineligible to attend the Pioneer Technology Center.
8. School bus departure schedules are set by the class schedule. Students must board the bus on time. Drivers are not to pick up students after leaving the designated pickup point. Students missing the bus to the technology center are to immediately report to their home high school principal.

FREEDOM OF EXPRESSION

The technology center board of education hereby adheres to Oklahoma Law providing that outdoor areas of campuses of public institutions of higher education, which include technology center schools overseen by the State Board of Career and Technology Education, are public forums for the campus community.

Policy

The outdoor areas of any campus of the technology center are deemed public forums for the campus community, and the technology center will not create "free speech zones" or other designated areas of campus outside of which expressive activities are prohibited. The technology center may maintain and enforce reasonable time, place and manner restrictions narrowly tailored in service of a significant institutional interest when the restrictions employ clear, published, content- and viewpoint-neutral criteria and provide for ample alternative means of expression. Any such restrictions shall allow for members of the campus community to spontaneously and contemporaneously assemble and distribute literature. Nothing in this paragraph shall be interpreted as applying to student expression taking place elsewhere on campus.

Any person who wishes to engage in noncommercial expressive activity on campus shall be permitted to do so freely, as long as the person's conduct is not unlawful and does not materially and substantially disrupt the functioning of the technology center.

Nothing in this policy shall be interpreted as preventing the technology center from prohibiting, limiting or restricting expression that the First Amendment does not protect or prohibiting harassment as defined in this policy.

Space reserved or rented from the technology center for a specific purpose shall not be deemed as an area wherein noncommercial expressive activity may occur during the duration of time that the group has exclusive use or control of that space.

Nothing in this policy shall prohibit the technology center from maintaining and enforcing reasonable time, place and manner restrictions that are narrowly tailored to serve a significant institutional interest only when such restrictions employ clear, published, content- and viewpoint-neutral criteria. Any such restrictions shall allow for members of the campus community to spontaneously and contemporaneously assemble, speak and distribute literature.

The technology center will make public in its *Full-Time Programs Student Handbook*, on its website and through its orientation programs for students the policies, regulations and expectations of students regarding free expression on campus consistent with this policy.

The technology center will develop materials, programs and procedures to ensure that those persons who have responsibility for discipline or education of students, including but not limited to administrators, campus police officers, and instructors, understand the policies, regulations and duties of the technology center regarding free expression on campus.

Reporting Requirement

By December 31st each year, the technology center will publicly post on its website and submit to the Governor and Legislature a report that details the course of action implemented to comply with the requirements of Okla. Stat. tit. 70, § 2120. A report shall also be submitted in the instance of any changes or updates to the chosen course of action. The report provided on the website shall be:

- a. Accessible from the technology center's website home page by use of not more than three links;

FREEDOM OF EXPRESSION (Cont)

- b. Searchable by key words and phrases; and
- c. Accessible to the public without requiring registration or use of a user name, password or another user identification.

The technology center's report will include the following information:

- a. a description of any barriers to or incidents of disruption of free expression occurring on campus, including but not limited to attempts to block or prohibit speakers and investigations into students or student organizations for their speech. The description shall include the nature of each barrier or incident, as well as what disciplinary action, if any, was taken against members of the campus community determined to be
- b. responsible for those specific barriers or incidents involving students without revealing those students' personally identifiable information, and
- c. any other information the technology center deems valuable for the public to evaluate whether free expression rights for all members of the campus community have been equally protected and enforced.

In the event the technology center is sued for an alleged violation of First Amendment rights, a supplementary report, with a copy of the complaint or amended complaint, will be submitted to the Governor and the Legislature within thirty (30) days.

Definitions

"Campus community" means students, administrators, faculty and staff at the technology center and their invited guests;

"Expressive activities" include, but are not limited to, any lawful verbal, written, audio-visual or electronic means by which individuals may communicate ideas to one another, including all forms of peaceful assembly, protests, speeches and guest speakers, distribution of literature, carrying signs and circulating petitions.

"Harassment" means only that expression that is unwelcome, so severe, pervasive and subjectively and objectively offensive that a student is effectively denied equal access to educational opportunities or benefits provided by the technology center.

"Materially and substantially disrupts" means when a person, with the intent to or with knowledge of doing so, significantly hinders another person's or group's expressive activity, prevents the communication of the message or prevents the transaction of the business of a lawful meeting, gathering or procession by:

- a. engaging in fighting, violent or other unlawful behavior, or
- b. physically blocking or using threats of violence to prevent any person from attending, listening to, viewing or otherwise participating in an expressive activity. Conduct that "materially disrupts" shall not include conduct that is protected under the First Amendment to the United States Constitution or Section 22 of Article 2 of the Oklahoma Constitution. Such protected conduct includes but is not limited to lawful protests in the outdoor areas of campus generally accessible to the members of the public, except during times when those areas have been reserved in advance for other events, or minor, brief or fleeting nonviolent disruptions of events that are isolated and short in duration;

"Outdoor areas of campus" means the generally accessible outside areas of campus where members of the campus community are commonly allowed, such as grassy areas, walkways or other similar common areas and does not include outdoor areas where access is restricted from a majority of the campus community.

**STUDENT CONDUCT
DRESS CODE
(REGULATION)**

In accordance with the policy of the board of education, the following regulation shall establish a dress and grooming code for the Pioneer Technology Center school system.

Generally, students should regard neatness and cleanliness in grooming and clothing as important. Dress or grooming which is in any way disruptive to the operation of the school or student safety will not be permitted.

Appropriate attire (dress) and grooming are based upon business and industry expectations. (Inappropriate attire includes, but is not limited to: mesh tops; midriff tops; halter tops; tank tops; low-cut tops; shorts; dresses and skirts above the knee; pants/jeans that expose skin above the knee; exposed undergarments; leggings/tights/yoga pants as an outer garment; trench coats; house shoes; pajama pants; clothing with unprofessional pictures and phrases including those that reference alcohol, drugs, and/or tobacco products; and clothing which depicts death, violence, vulgarity or racial slurs.) An administrator or the student's instructor will ask a student to change clothes, leave school or will exercise other suitable disciplinary measures when inappropriate clothing is worn.

Clothing and jewelry articles with unacceptable language, alcoholic beverage advertisements or promiscuous figures are not tolerated. Revealing or sexually provocative clothing, or clothing of extreme style may not be worn. Scantily clad individuals are not considered appropriately clothed for the classroom. Inappropriate tattoos must be covered.

Administrators, instructors, or other persons in charge of school-related activities, may regulate dress and grooming of students who participate in a particular activity if the administrator or instructor reasonably believes that the student's dress or grooming creates a hazard, or may prevent, interfere with, or adversely affect the purpose, direction, or effort required for the activity to achieve its goals.

Students may be required to purchase coveralls, industrial aprons, uniforms, or other appropriate dress for reasons of safety and program area requirements.

Students who violate provisions of the dress code and who refuse to correct the violation may be disciplined by removal or exclusion from extracurricular activities. In extreme cases, students may be suspended until the violation is corrected.

Clarifying information regarding appropriate dress is published annually in the student handbook.

HAZING

It is the policy of this school district that no student or employee of the district shall participate in or be members of any secret fraternity or secret organization that is in any degree related to the school or to a school activity. No student organization or any person associated with any organization sanctioned or authorized by the board of education shall engage or participate in hazing.

For the purposes of this policy, hazing is defined as an activity which recklessly or intentionally endangers the mental health or physical health or safety of a student for the purpose of initiation or admission into or affiliation with any organization sanctioned or authorized by the board of education.

“Endanger the physical health” shall include, but is not limited to, any brutality of a physical nature, such as whipping; beating; branding; forced calisthenics; exposure to the elements; forced consumption of any food, alcoholic beverage, drug, or controlled dangerous substance; or other forced physical activity which could adversely affect the physical health or safety of the individual.

“Endanger the mental health” shall include any activity, except those activities authorized by law, which would subject the individual to extreme mental stress, such as prolonged sleep deprivation, forced prolonged exclusion from social contact, forced conduct which could result in extreme embarrassment, or any other forced activity which could adversely affect the mental health or dignity of the individual.

Any hazing activity upon which the initiation or admission into or affiliation with an organization sanctioned or authorized by the board of education is conditioned, directly or indirectly, shall be presumed to be a forced activity, even if the student willingly participates in such activity.

This policy is not intended to deprive school district authorities from taking necessary and appropriate disciplinary action toward any student or employee. Students or employees who violate this policy will be subject to disciplinary action which may include expulsion for students and employment termination for employees.

A copy of this policy will be furnished to each student and teacher in this school district.

**BULLYING
(INVESTIGATION PROCEDURES)**

The following procedures will be used by any person for the filing, processing, and resolution of a reported incident of harassment, intimidation, bullying, or threatening behavior. The procedures are to be followed by the administration of the school district in an effort to determine the severity of the incident and the potential to result in future violence.

Definitions

1. "Bullying" means any pattern of harassment, intimidation, threatening behavior, physical acts, verbal or electronic communication directed toward a student or group of students that results in or is reasonably perceived as being done with the intent to cause negative educational or physical results for the targeted individual or group and is communicated in such a way as to disrupt or interfere with the school's educational mission or the education of any student.

"Electronic communication" means the communication of any written, verbal, or pictorial information or video content by means of an electronic device, including, but not limited to, a telephone, a mobile or cellular telephone or other wireless communication device, or a computer.

"Threatening behavior" means any pattern of behavior or isolated action, whether or not it is directed at another person, that a reasonable person would believe indicates potential for future harm to students, school personnel, or school property.

Procedures

The procedure for investigating reported incidents of bullying is as follows:

1. The matter should immediately be reported to the compliance officer(s). If the bullying involved an electronic communication, a printed copy of the communication as well as any identifying information such as email address or web address shall be provided to the compliance officer(s). As much detailed information as possible should be provided to the compliance officer(s) in written form to allow for a thorough investigation of the matter.
2. Upon receipt of a written report, the compliance officer(s) shall contact the superintendent or superintendent's designee and begin an investigation to determine the severity of the incident and the potential for future violence.
3. If, during the course of the investigation, it appears that a crime may have been committed the compliance officer(s) and/or superintendent shall notify local law enforcement and request that the alleged victim also contact law enforcement to report the matter for potential criminal investigation.
4. If it is determined that the school district's discipline code has been violated, the compliance officer(s) shall follow district policies regarding the discipline of the student. The compliance officer(s) shall make a determination as to whether the conduct is actually occurring.
5. Upon completion of the investigation, the compliance officer(s) or superintendent or his/her designee may recommend that available community mental health care substance abuse or other counseling options be provided to the student, if appropriate. This may include information about the types of support services available to the student bully, victim, and any other students affected by the prohibited behavior. If such a

recommendation is made, the administration shall request disclosure of any information that indicates an explicit threat to the safety of students or school personnel provided the disclosure of information does not violate the provisions or requirements of the Family Educational Rights and Privacy Act of 1974, the Health Insurance Portability and Accountability Act of 1996, Section 2503 of Title 12 of the Oklahoma Statutes, Section 1376 of Title 59 of Oklahoma Statutes, or any other state or federal laws relating to the disclosure of confidential information.

6. Upon completion of an investigation, timely notification shall be provided to the parents or guardians of a victim of documented and verified bullying. This information should be provided within 10 days of the conclusion of the investigation. *See also FNCD – Bullying - pg. 2, #6-8*
7. Upon completion of an investigation, timely notification shall be provided to the parent or guardian of the perpetrator of the documented and verified bullying. This information should be provided within 10 days of the conclusion of the investigation.

Reports may be made anonymously. However, no formal disciplinary action shall be taken solely on the basis of an anonymous report. Reports shall be made immediately to the compliance officer(s) by any school employee that has reliable information that would lead a reasonable person to suspect that a person is a target of bullying.

The Superintendent shall be responsible for enforcing this policy. The compliance officer(s) should notify the superintendent and his/her designee within twenty-four (24) hours of any report of bullying. Upon completion of an investigation, the compliance officer(s) should notify the superintendent and his/her designee of the findings of the investigation. Documentation should also be provided to the superintendent and his/her designee to establish that timely notification was provided to the parents of the victim and the parents of the perpetrator.

Unsubstantiated bullying complaints will be forwarded to the appropriate PTC administrator or staff member to be addressed accordingly through any applicable district policy. Notification of the completion of the investigation will be provided to the complainant and or the parent/guardian within 10 days of the conclusion of the investigation.

**PROHIBITING HARASSMENT, INTIMIDATION AND BULLYING
(REGULATION)**

The Pioneer Technology Center's student conduct code prohibits bullying. This regulation further explains the negative effects of that behavior and seeks to promote strategies for prevention.

Statement of Board Purpose in Adopting Policy

The board of education recognizes that bullying of students causes serious educational and personal problems, both for the student-victim and the initiator of the bullying. The board observes that this conduct:

1. Has been shown by national and state studies to have a substantial adverse effect upon school district operations, the safety of students and faculty, and the educational system at large.
2. Substantially disrupts school operations by interfering with the district's mission to instruct students in an atmosphere free from fear, is disruptive of school efforts to encourage students to remain in school until graduation, and is just as disruptive of the district's efforts to prepare students for productive lives in the community as they become adults.
3. Substantially disrupts healthy student behavior and thereby academic achievement. Research indicates that healthy student behavior results in increased student academic achievement. Improvement in student behavior through the prevention or minimization of intimidation, harassment, and bullying towards student-victims simultaneously supports the district's primary and substantial interest in operating schools that foster and promote academic achievement.
4. Substantially interferes with school compliance with federal law that seeks to maximize the mainstreaming of students with disabilities and hinders compliance with Individual Educational Programs containing objectives to increase the socialization of students with disabilities. Targets of bullying are often students with known physical or mental disabilities who, as a result, are perceived by bullies as easy targets for bullying actions.
5. Substantially interferes with the district's mission to advance the social skills and social and emotional well-being of students. Targets of intimidation, harassment, and bullying are often "passive-target" students who already are lacking in social skills because they tend to be extremely sensitive, shy, display insecurity, anxiety and/or distress; may have experienced a traumatic event; may try to use gifts, toys, money, or class assignments or performance bribes to protect themselves from intimidation, harassment, or bullying; are often small for their age and feel vulnerable to bullying acts; and/or may resort to carrying weapons to school for self-protection. Passive-target victims who have been harassed and demeaned by the behavior of bullies often respond by striving to obtain power over others by becoming bullies themselves, and are specifically prone to develop into students who eventually inflict serious physical harm on other students, or, in an effort to gain power over their life or situation, commit suicide.
6. Substantially disrupts school operations by increasing violent acts committed against fellow students. Violence, in this context, is frequently accompanied by criminal acts.
7. Substantially disrupts school operations by interfering with the reasonable expectations of other students that they can feel secure at school and not be subjected to frightening acts or be the victim of mistreatment resulting from bullying behavior.

BULLYING, REGULATION (Cont.)

Bullying often involves expressive gestures, speech, physical acts that are sexually suggestive, lewd, vulgar, profane, or offensive to the education or social mission of this school district, and at times involves the commission of criminal acts. This behavior interferes with the curriculum by disrupting the presentation of instruction and also disrupts and interferes with the student-victim's or bystander's ability to concentrate, retain instruction, and study or to operate free from the effects of bullying. This results in a reluctance or resistance to attend school.

Definition of Terms

1. Statutory definition of bullying:

70 O.S. §24-100.3(c) of the School Safety and Bullying Prevention Act defines the terms "bullying," as including, but not limited to a pattern of harassment, intimidation, threatening behavior, physical acts, verbal or electronic communication, directed toward a student or group of students that results in or is reasonably perceived as being done with the intent to cause negative educational or physical results for the targeted individual or group and is communicated in such a way as to disrupt or interfere with the school's educational mission or the education of any student that a reasonable person should recognize will:

- A. Harm another student;
- B. Damage another student's property;
- C. Place another student in reasonable fear of harm to the student's person or damage to the student's property; or
- D. Insult or demean any student or group of students in such a way as to disrupt or interfere with the school's educational mission or the education of any student.

2. The "Reasonable Person" Standard

In determining what a "reasonable person" should recognize as an act placing a student in "reasonable" fear of harm, staff will determine "reasonableness" not only from the point of view of a mature adult, but also from the point of view of an immature child of the age of the intended victim along with, but not limited to, consideration of special emotional, physical, or mental needs of the particular child; personality or physical characteristics, or history that might cause the child to be particularly sensitive to efforts by a bully to humiliate, embarrass, or lower the self-esteem of the victim; and the discipline history, personality of, and physical characteristics of the individual alleged to have engaged in the prohibited behavior.

3. General Display of Bullying Acts

Bullying, for purposes of this section of the regulation, includes harassment and intimidation, and vice versa. According to experts in the field, bullying in general is the exploitation of a less powerful person by an individual taking unfair advantage of that person, which is repeated over time, and which inflicts a negative effect on the victim. The seriousness of a bullying act depends on the harm inflicted upon the victim and the frequency of the offensive acts. Power may be, but is not limited to, physical strength, social skill, verbal ability, or other characteristics. Bullying acts by students have been described in several different categories.

BULLYING, REGULATION (Cont.)

A. Physical Bullying includes harm or threatened harm to another's body or property, including, but not limited to, what would reasonably be foreseen as a serious expression of intent to inflict physical harm or property damage through verbal or written speech or gestures directed at the student-victim, when considering the factual circumstances in which the threat was made and the reaction of the intended victim. Common acts include tripping, hitting, pushing, pinching, pulling hair, kicking, biting, starting fights, daring others to fight, stealing or destroying property, extortion, assaults with a weapon, other violent acts, and homicide.

B. Emotional Bullying includes the intentional infliction of harm to another's self-esteem, including, but not limited to, insulting or profane remarks, insulting or profane gestures, or harassing and frightening statement, when such events are considered in light of the surrounding facts, the history of the students involved, and age, maturity, and special characteristics of the students.

C. Social Bullying includes harm to another's group acceptance, including, but not limited to, harm resulting from intentionally gossiping about another student or intentionally spreading negative rumors about another student that results in the victim being excluded from a school activity or student group; the intentional planning and/or implementation of acts or statements that inflict public humiliation upon a student; the intentional undermining of current relationships of the victim-student through the spreading of untrue gossip or rumors designed to humiliate or embarrass the student; the use of gossip, rumors, or humiliating acts designed to deprive the student of awards, recognition, or involvement in school activities; the false or malicious spreading of an untrue statement or statements about another student that exposes the victim to contempt or ridicule or deprives the victim of the confidence and respect of student peers; or the making of false statements to others that the student has committed a crime, or has an infectious, contagious, or loathsome disease, or similar egregious representations.

D. Sexual Bullying includes harm to another resulting from, but not limited to, making unwelcome sexual comments about the student; making vulgar, profane, or lewd comments or drawings or graffiti about the victim; directing vulgar, profane, or lewd gestures toward the victim; committing physical acts of a sexual nature at school, including the fondling or touching of private parts of the victim's body; participation in the gossiping or spreading of false rumors about the student's sexual life; written or verbal statements directed at the victim that would reasonably be interpreted as a serious threat to force the victim to commit sexual acts or to sexually assault the victim when considering the factual circumstances in which the threat was made and the reaction of the intended victim; off-campus dating violence by a student that adversely affects the victim's school performance or behavior, attendance, participation in school functions or extracurricular activities, or makes the victim fearful at school of the assaulting bully; or the commission of sexual assault, rape, or homicide. Such conduct may also constitute sexual harassment – also prohibited by Pioneer Technology Center.

Procedures Applicable to the Understanding of and Prevention of Bullying of Students

1. Student and Staff Education and Training

All staff will be provided with a copy of the district's policy on prevention of bullying of students. All students will be provided a summary of the policy and notice that a copy of the entire policy is available on request. Pioneer Technology Center is committed to providing appropriate and relevant training to staff

BULLYING, REGULATION (Cont.)

regarding identification of behavior constituting bullying of students and the prevention and management of such conduct.

Students, like staff members, shall participate in an annual education program that sets out expectations for student behavior and emphasizes an understanding of bullying of students, the district's prohibition of such conduct, and the reasons why the conduct is destructive, unacceptable, and will lead to discipline. Students shall also be informed of the consequences of bullying conduct toward their peers.

Student Reporting

Students are encouraged to inform school personnel if they are the victim of or a witness to acts of bullying.

Staff Reporting

An important duty of the staff is to report acts or behavior that the employee witnesses that appears to constitute bullying. Employees, whether certified or noncertified, shall encourage students who tell them about acts that may constitute bullying to complete a report form. For young students, staff members given that information will need to provide direct assistance to the student.

Staff members who witness such events are to complete reports and to submit them to the compliance officer(s). Staff members who hear of incidents that may, in the staff member's judgment, constitute bullying, are to report all relevant information to the compliance officer(s).

Parental Responsibilities

Parents/guardians will be informed in writing of the district's program to stop bullying. An administrative response to bullying may involve certain actions to be taken by parents. Parents will be informed of the program and the means for students to report bullying acts toward them or other students. They will also be told that to help prevent bullying at school they should encourage their children to:

1. Report bullying when it occurs;
2. Take advantage of opportunities to talk to their children about bullying;
3. Inform the school immediately if they think their child is being bullied or is bullying other students;
4. Watch for symptoms that their child may be a victim of bullying and report those symptoms; and
5. Cooperate fully with school personnel in identifying and resolving incidents.

Discipline of Students

In administering discipline, consideration will be given to alternative methods of punishment to insure that the most effective discipline is administered in each case. In all disciplinary action, teachers and administrators will be mindful of the fact that they are dealing with individual personalities. The faculty may consider consultation with parents to determine the most effective disciplinary measure.

BULLYING, REGULATION (Cont.)

In considering alternatives of corrective actions, the faculty/administration of the school district will consider those listed below. However, the school is not limited to these alternative methods, nor does this list reflect an order or sequence of events to follow in disciplinary actions. The board of education will rely upon the judgment and discretion of the administrator to determine the appropriate remedial or corrective action in each instance.

1. Conference with student
2. Conference with parents
3. In-school suspension
4. Detention
5. Referral to counselor
6. Behavioral contract
7. Changing student's seat assignment or class assignment
8. Requiring a student to make financial restitution for damaged property
9. Requiring a student to clean or straighten items or facilities damaged by the student's behavior
10. Restriction of privileges
11. Involvement of local authorities
12. Referring student to appropriate social agency
13. Suspension
14. Performing Campus-site services for the school district
15. Other appropriate disciplinary action as required and as indicated by the circumstances which may include, but is not limited to, removal from eligibility to participate or attend extracurricular activities as well as removal from the privilege of attending or participating in the graduation ceremony, school dances, prom, prom activities, and/or class trips.

The above consequences will be imposed for any person who commits an act of bullying as well as any person found to have falsely accused another as a means of retaliation, reprisal, or as a means of bullying. Strategies will be created to provide counseling or referral to appropriate services, including guidance, academic intervention, and other protection for students, both targets and perpetrators, and family members affected by bullying, as necessary.

The school district is not required to provide educational services in the regular school setting to any student who has been removed from a public school or private school in Oklahoma or another state by administrative or judicial process for an act of using electronic communication with the intent to terrify, intimidate or harass, or threaten to inflict injury or physical harm to faculty or students.

Publication of Policy

Annual written notice of this policy will be provided to parents, guardians, staff, volunteers, and students with age-appropriate language for students. Notice of the policy will be posted at various locations within each school site, including but not limited to, cafeterias, school bulletin boards, and administrative offices. The policy will be posted on the school district's website at www.pioneertech.edu and at each school site that has an Internet website. The policy will be included in all student and staff handbooks.

DRUG-FREE SCHOOLS

It is the policy of the Pioneer Technology Center Board of Education that in recognition of the clear danger resulting from illicit drug and alcohol abuse and in good faith effort to promote the health, safety, and well-being of students, employees, and the community, the board has implemented a drug and alcohol education and prevention program.

Students are hereby notified that the use, possession, or distribution of illicit drugs and alcohol is wrong and harmful. Therefore, standards of conduct that are applicable to all schools in this district, prohibit the unlawful possession, use, or distribution of illicit drugs and alcohol by students on school premises or as part of any of its activities.

Disciplinary sanctions will be imposed on students who violate standards of conduct required by this policy. Such sanctions will be consistent with local, state and federal laws, up to and including probation, suspension, and expulsion, as well as referral for prosecution. Completion of an appropriate rehabilitation program may also be recommended.

Information about drug and alcohol counseling and rehabilitation and reentry programs will be made available through the school office.

The standards of conduct and the disciplinary sanctions imposed by this policy will be part of the required notification to parents and students which will include the following:

"The Drug Free Schools and Communities Act Amendments, P.L. 101-226 requires that State, as well as local educational agencies, must certify that it has adopted and implemented a program to prevent the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees." (Federal Regulations can be examined through the school office.)

WEAPONS-FREE SCHOOLS

It is the policy of this school district to comply fully with the Gun-Free Schools Act.

1. Any student in this school district who uses or possesses a firearm at school, at any school-sponsored event, or in or upon any school property including school transportation or school-sponsored transportation may be removed from school for not less than one full calendar year.

Firearms are defined in Title 18 of the United States Code, Section 921, as (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device including any explosive, incendiary or poison gas, bomb, grenade, rocket having a propellant charge of more than four ounces, missile having an explosive or incendiary charge of more than one-quarter ounce, mine or any device similar to the above.

Such firearm or weapon will be confiscated and released only to a law enforcement authority.

Any student who violates this policy will be subject to discipline which may include suspension up to one full calendar year or longer (for firearms) or for any term less than one calendar year (for weapons other than firearms) as determined by the superintendent or the superintendent's designee.

Students with disabilities are subject to this policy and will be disciplined in accordance with the Individuals with Disabilities Act and Section 504 of the Rehabilitation Act. If the violation is found by the student's Individual Education Plan (IEP) team to be unrelated to the student's disability, the student may be suspended for one calendar year at the discretion of the superintendent. If the student's IEP team determines that the violation is related to the student's disability, the student may be suspended for up to ten days and placed up to 45 days in an alternative educational setting.

An exception to this policy may be made for students participating in an authorized extracurricular activity or team involving the use of firearms or archery equipment.

2. Oklahoma Statutes, Title 21, Section 1280.1 prohibits any person, except a peace officer or other person authorized by the board of education of the district, to have in such person's possession on any public or private school property or while in any school bus or vehicle used by any school for transportation of students or teachers any weapon as defined below:

"...any pistol, revolver, dagger, bowie knife, dirk knife, switchblade knife, spring-type knife, sword cane, knife having a blade which opens automatically by hand pressure applied to a button, spring, or other device in the handle of the knife, blackjack, loaded cane, billy, hand chain, metal knuckles, or any other offensive weapon."

The superintendent or designee may modify the provisions of this policy on a case-by-case basis. However, any substantial modification must be reported to the board of education at its next meeting.

WEAPONS-FREE SCHOOLS (Cont.)

NOTE: The district is required to include, in each application to the State Department of Education for assistance under the Elementary and Secondary Education Act of 1965, a description of the circumstances surrounding any expulsions imposed under this policy, including the name of the school; the number of students expelled from the school, and the type of weapons concerned.

ELECTRONIC COMMUNICATION DEVICES

It is the policy of the Pioneer Technology Center Board of Education that a student may possess a wireless telecommunications device while on school premises, or while in transit under the authority of the school, or while attending any function sponsored or authorized by the school upon prior written consent of both the student's parent or guardian, and the superintendent or the superintendent's designee.

During class/shop/lab times, electronic communication devices are to be used for educational purposes only. Electronic communication devices which distract from the learning environment will not be allowed. Failure to follow policy may warrant disciplinary action.

STUDENT CONDUCT, BEHAVIOR AND DISCIPLINE

The Board of Education of Pioneer Technology Center (“Pioneer”) adopts the following policy and procedures dealing with student behavior.

Pioneer Technology Center serves adult and secondary students. A behavior and discipline code is provided to inform students of the standards of conduct required and of the consequences of misconduct. School laws that prescribe procedures applicable to secondary students are, in many instances, not applicable to adult students.

- Reference to “parent” in this policy refers to a student’s parent or legal guardian.
- Reference to “administrator” means Program Administrator or the Pioneer staff member to whom the administration has delegated the responsibility for student discipline.
- Reference to the “Superintendent” refers to the Superintendent of Schools or the Superintendent’s designee.
- Removal or dismissal refers to taking a student out of a course or program for a short period, a long period, or permanently.

General Expectations

The Board of Education recognizes that students do not surrender any rights of citizenship while in attendance at Pioneer. The school is a community with rules and regulations. Those who enjoy the rights and privileges it provides must also accept the responsibilities that inclusion demands, including respect for and obedience to school rules and standards of conduct.

Student Conduct

The Pioneer Technology Center Board of Education believes that an important responsibility of any school system is to teach acceptable social conduct. We believe that such conduct may be taught by example and by providing appropriate incentives. The board also believes that reasonable standards of conduct must be established and that adherence to those standards must be insisted upon.

In accordance with the policy of the board of education, the following standards of conduct are established for the Pioneer Technology Center school system.

All students are expected to act as ladies and gentlemen with due consideration for the rights and needs of others. Individual language, grooming, dress, and conduct of good taste are essential qualities of successful employees. Therefore, only the best is expected of Pioneer Technology students.

For the purpose of this policy, a student is defined as any person regularly enrolled in a full-time educational program provided by, or approved by, the board of education and carried on in premises owned or controlled by the school district. Students in school buildings, on school grounds, using district property, or attending a district-sanctioned event shall not engage in any of the following:

1. Any conduct, the purpose of which is to obstruct, disrupt, or interfere with teaching, research, service, administrative or disciplinary functions, or any other activity sponsored or approved by the board of education.
2. Physical, emotional, or mental abuse of, or threat of harm to, any person on school owned or controlled property or at any school attended, sponsored, or supervised event or function.

STUDENT CONDUCT, BEHAVIOR AND DISCIPLINE (Cont.)

1. Damage, or threat of damage, to property of the school, regardless of the location, or to property of a member of the community or a visitor to the school, when such property is located on school-owned, controlled, attended, or supervised premises.
2. Forceful or unauthorized entry into or upon, or occupation of, school district facilities including buildings and grounds.
3. Unlawful use, possession, distribution, sale, or trade of drugs, alcohol, or controlled/dangerous substances, or any substance or material believed to be drugs, alcohol or any chemical substance, or any substance which is capable of causing or producing mood alteration or behavioral changes.
4. Conduct or speech that violates commonly accepted standards of society within the community.
5. Failure to comply with the reasonable and lawful directions of school district officials or law enforcement officers, acting in the performance of their duties, or failure to identify themselves to such officials or officers when directed to do so.
6. Any conduct constituting a breach of any federal, state, or city law or ordinance or duly adopted policy of the board of education.

Any student violating policies or regulations may be subject to warning, reprimand, probation, or suspension, expulsion or dismissal in addition to any civil or criminal proceedings or prosecution.

Adult students enrolled in full-time educational programs may attend class with high school students. It is of paramount importance that each adult enrolled in day classes be an example for secondary students in all areas, including attendance, dress, language, attitudes, and class and laboratory efforts. Adults enrolled in classes with high school students should be a positive, motivational force in the school life of their high school classmates.

Adults are held to standards of conduct that are not less than those for secondary students attending Pioneer. Educational opportunities available to adult students may be cut short or terminated in instances where an adult student's conduct violates the approved standards or when a student, for other reasons, cannot fulfill program requirements essential to successful program completion.

Adult students do not have due process rights pursuant to Pioneer Technology Center policy. Pioneer Technology Center administration will consider the best interest of the student in violation of the policy, the other students impacted by the violating student and the educational climate of the school when making decisions regarding discipline, suspension or dismissal of an adult student. The disciplinary decision(s) is final and cannot be appealed.

Behavior and Discipline Code

The following behaviors at school, while in school vehicles or going to or from or attending school events will result in disciplinary action, which may include in-school placement options or out-of-school suspension (secondary students) or including the possibility of dismissal (adult students):

11. Vulgarity;
12. Willful damage to school property;

Students suspended or dismissed for a violent offense directed toward an instructor shall not be allowed to return to the instructor's classroom without the instructor's prior approval. Whether an offense is considered a violent offense, requiring an instructor's approval as a condition of return to a particular classroom, shall be based on applicable provisions of the Oklahoma school law regarding student suspension and applicable criminal law distinguishing between violent and nonviolent offenses.

In addition, conduct occurring outside of the normal school day or off school property that has a direct and immediate negative effect on the discipline or educational process or effectiveness of the school, will also result in disciplinary action, which may include in-school placement options, out-of-school suspension, expulsion or dismissal.

The Pioneer Technology Center Board of Education believes that the school's primary goal is to educate, not to discipline. However, education includes establishing norms of social behavior and assisting students in understanding and attaining those norms. Occasionally, corrective actions are necessary for the benefit of the individual and the school. The teacher in a public school has the same rights as a parent or guardian to control and discipline a child while the child is in attendance, in transit to or from the school, or participating in any authorized school function. Further, it is the policy of the district that students may be disciplined for any misconduct related to the programs or activities of the district. No teacher or administrator will administer formal discipline to his or her own child on behalf of the school except in cases of disruption in the classroom or common areas. Disciplinary matters concerning children of school employees will be handled by the appropriate principal or the superintendent or the superintendent's designee. The superintendent's child will be disciplined by someone other than the superintendent.

Each student shall be treated in a fair and equitable manner. Disciplinary action will be based on a careful assessment of the circumstances surrounding each infraction.

In administering discipline, consideration will be given to alternative methods of punishment to insure that the most effective discipline is administered in each case. In all disciplinary action, teachers and administrators will be mindful

of the fact that they are dealing with individual personalities. The faculty may consider consultation with parents to determine the most effective disciplinary measure.

In considering alternatives of corrective actions, the faculty/administration of the school district will consider those listed below. However, the school is not limited to these alternative methods, nor does this list reflect an order or sequence of events to follow in disciplinary actions. The board of education will rely upon the judgment and discretion of the administrator to determine the appropriate remedial or corrective action in each instance.

1. Conference with student
2. Conference with parents
3. In-school suspension
4. Detention
5. Referral to counselor
6. Behavioral contract
7. Changing student's seat assignment or class assignment
8. Requiring a student to make financial restitution for damaged property
9. Requiring a student to clean or straighten items or facilities damaged by the student's behavior
10. Restriction of privileges
11. Involvement of local authorities
12. Referring student to appropriate social agency
13. Suspension
14. Other appropriate disciplinary action as required and as indicated by the circumstances which may include, but is not limited to, removal from eligibility to participate or attend extracurricular activities as well as removal from the privilege of attending or participating in the graduation ceremony, school dances, prom, prom activities, and/or class trips.

Parents, guardians, and students enrolled in this school district shall be notified at the beginning of each school year that this policy is in effect. A copy of this policy will be made available upon request to parents or guardians at any time during the school year.

Parents, guardians, and students residing in this school district are also advised by means of this policy statement and by the student handbook that students in this district shall have no reasonable expectation of privacy rights towards school officials, in school lockers, desks, or other school property. School personnel shall have access to school lockers, desks, and other school property at any time and no reason shall be necessary for such search. Student property may be searched with reasonable suspicion.

Teachers, parents, guardians, and students are invited and encouraged to participate in the formulation of disciplinary policies, rules, and regulations by suggesting to administrators appropriate means of discipline for specific infractions.

Dismissal of Students Because of Failure to Meet or Comply with Essential Program Requirements

Pioneer's program offerings include those that incorporate requirements essential to successful completion of the program. An example is the clinical hours which are a part of and necessary for completion of many health care programs. When a student cannot complete essential program requirements the student may be dismissed from a program for a variety of reasons, including but not limited to conduct, behavior, or other inability to meet mandatory parts of the program.

Adult Students Attending the Technology Center by Virtue of a Special Program

In some instances, adult students are participating in programs offered by Pioneer as a result of their eligibility established by terms of a federal or state program. In these instances, the programs establish eligibility requirements as well as minimum standards which students must meet in order to remain a part of the program and recipient of program benefits. Student participation and dismissal of the student may be governed by the program criteria. Students have no property interest in these programs and, as a result, those who violate expectations related to attendance, participation, and otherwise fail to meet the obligations which accompany participation, may be removed from the program with notice to the student and the program director. Whether to allow the student to return to the program, and, if so, under what conditions, will be a joint decision of the designated school representatives and the designees for the federal or state program. The student's dismissal shall include written notice to the program or project director of the student's dismissal and the reasons for dismissal.

Immediate Removal of a Student

Whenever an alleged violation of the Student Conduct, Behavior and Discipline Code is reported to an administrator, he or she will ascertain whether the immediate removal of the student is required. This determination will be based on whether the student's continued presence on campus would create, in the administrator's judgment, a dangerous and/or disruptive situation with regard to the continued operation and management of the school system. If dismissal is found necessary, the administrator shall document the justification in a report and immediately forward it to the Superintendent, and also immediately contact the student.

In instances involving a student's dismissal or removal from a program, Pioneer will utilize procedures that are fair and reasonable. The complete cooperation of students is encouraged to assure that all students have an opportunity to benefit from the educational opportunities available. Conduct which violates policies, rules and practices or which interferes with or disrupts learning must and will be addressed by school administration. Policy FOD-R, describes the procedure that will be used when it is necessary to remove a secondary student from a program. Removal may involve a short or long period or may involve a permanent removal.

Readmission

A dismissed student is eligible to be readmitted upon proper application for readmission. However, the administration may consider the student's prior disciplinary and incident record in determining whether to grant a student's request for readmission.

Notification of Policy

Copies of any procedural regulations and the *Student Conduct, Behavior and Discipline Policy* shall be distributed to all students annually, and students are responsible for compliance with the school's behavior and conduct standards. Questions as to the interpretation of any part of the policy should be presented to the appropriate administrator.

SEXUAL HARASSMENT OF STUDENTS

The policy of this school district forbids discrimination against, or harassment of any student on the basis of sex. The Pioneer Technology Center Board of Education will not tolerate sexual harassment by any of its employees or students. This policy applies to all students and employees including non-employee volunteers whose work is subject to the control of school personnel. Policy GJ-B applies to sexual harassment of employees.

1. Sexual Harassment is defined as conduct on the basis of sex that satisfies one or more of the following:
 - a. An employee of the school district conditioning the provision of an aid, benefit, or service of the school district on a student's participation in unwelcome sexual conduct. This is referred to as quid pro quo sexual harassment;
 - b. Unwelcome conduct determined by a reasonable person to be so severe, pervasive and objectively offensive that it effectively denies a student equal access to the school district's educational program or activity; or
 - c. Sexual assault, dating violence, domestic violence or stalking as defined by federal law.

For the purpose of this policy, examples of sexual harassment include, but are not limited to:

Verbal or physical sexual advances, including subtle pressure for sexual activity; touching, pinching, patting, or brushing against; comments regarding physical or personality characteristics of a sexual nature; and sexually-oriented "kidding" "teasing," double meanings, and jokes.

Demeaning comments about a girl's ability to excel in a class historically considered a "boy's" subject, privately talking to a student about sexual matters, hugging or touching a student inappropriately may constitute sexual harassment.

Writing graffiti that names a student or otherwise identifies a student is potentially slanderous and constitutes sexual harassment. Graffiti of any kind will not be tolerated on school property. The superintendent is directed to cause any graffiti or unauthorized writings to be removed immediately. Use of e-mail, the internet, or technology may constitute sexual harassment as much as use of in-person, postal mail, handwritten or other communication.

Any of the aforementioned conduct that effectively deprives a student of equal access to educational opportunities or benefits provided by the school.

2. Specific Prohibitions

A. Administrators and Supervisors

1. It is sexual harassment for an administrator, supervisor, support employee, or teacher to use his or her authority to solicit sexual favors or attention from students.
2. Administrators, supervisors, support personnel, or teachers who either engage in sexual harassment of students or tolerate such conduct by other employees shall be subject to sanctions, as described below.

Adoption Date: July 14, 1998

*Revision Date(s): October 14, 2008, July 8, 2014,
June 14, 2016, 7/14/2020*

Page 1 of 6

SEXUAL HARASSMENT OF STUDENTS (Cont.)

3. The "off-duty" conduct of school personnel that has or will have a negative impact on the educational process of the school or constitutes an illegal or inappropriate relationship with a student may subject the employee to disciplinary action which could include termination of employment. Any romantic or sexual affiliation between school personnel and students, including students who have reached the age of majority (18), during school hours will have a negative impact on the educational process and shall constitute a violation of school policy. Such violations may result in suspension of the student and suspension or termination for the employee. Any sexual affiliation between teachers and students under the age of 20 constitutes a crime under Oklahoma law and will most likely result in the suspension of certification by the State of Oklahoma.

Notice of this policy and grievance procedure, including how to file or report sexual harassment and how the district will respond shall be provided to applicants for admission and employment, students, parents or legal guardians, and unions or professional organizations holding agreements with the school district.

4. Reporting Allegations of Sexual Harassment

- A. It is the express policy of the board of education to encourage student victims of sexual harassment to come forward with such claims.

1. Students who feel that administrators, supervisors, support personnel, teachers, or other students are subjecting them to sexual harassment are encouraged to report these conditions, or have their parents report these conditions, to the appropriate administrator or teacher. If the student's immediate administrator or teacher is the alleged offending person, the report will be made to the next higher level of administration or supervision or to any responsible adult person. The employee to whom the report was made will provide notice of the report to the Title IX coordinator. The Title IX coordinator should then provide the appropriate paperwork to the student or parent/guardian so that the student (complainant) may file a formal complaint with the Title IX coordinator by mail, e-mail or as directed by the Title IX coordinator.
2. Every attempt will be made to maintain confidentiality; however, absolute confidentiality cannot be guaranteed because of due process concerns that arise in sexual harassment investigations. No reprisals or retaliation will be allowed to occur as a result of the good faith reporting of charges of sexual harassment.

- B. Upon notice from an employee that a student or parent/guardian has reported possible sexual harassment, the Title IX coordinator will promptly contact the student (alleged victim) to discuss the availability of supportive measures, consider the student's wishes with regard to supportive measures, and explain the process that will be involved with a formal complaint.

5. Grievance Procedure.

- A. Equitable Treatment. Both the alleged victim (complainant) and the alleged respondent (respondent) will be treated equitably by the school district.
- B. Objective Evaluation of Evidence. All evidence both inculpatory and exculpatory will be evaluated objectively. Credibility determinations will not be made based upon the party's status as complainant, respondent, or witness.
- C. Conflict of Interest. Any person serving as the Title IX coordinator, investigator, decision-maker, or any person designated to facilitate the process shall not have a conflict of interest against complainants and respondents generally or against the particular complainant and respondent.
- D. Presumption. There will be a presumption that the respondent is not responsible for the alleged conduct until a determination is made at the conclusion of the grievance process.
- E. Timeliness. The grievance process will proceed in a timely manner. Any delay in the process for good cause such as law enforcement involvement, absence of a party, witness or advisor, translation, or accommodation needs will be documented, and written notice provided to both parties explaining the reason for the delay.
- F. Possible outcomes. A description or listing of possible disciplinary outcomes and remedies that may be implemented following a determination of responsibility must be provided to both parties.
- G. Standard of Review. The school district will utilize a preponderance of the evidence standard to determine responsibility. *** The standard selected by the school district will need to be the same standard that is applied to all formal complaints including those against employees.
- H. Privileged Information. The school district will not require, allow or use evidence or questions that constitute or seek legally privileged information, unless the privilege is waived.

6. Written Notice. Upon receipt of a formal complaint, the school district will provide written notice to all known parties in sufficient time to give the respondent time to prepare a response before an initial interview. The written notice must include:

- A. Notice of the grievance process, including any informal resolution process;
- B. Notice of the allegations, including sufficient details to allow the respondent to prepare a response;
- C. A statement that the respondent is presumed not responsible for the conduct and that responsibility will be determined at the conclusion of the grievance process;
- D. Notice of the parties' right to have an advisor and to inspect and review evidence. The advisor may but is not required to be an attorney.

Adoption Date: July 14, 1998

- A. Notice of any provision in the student discipline code that prohibits knowingly making false statements or providing false information in the grievance process.

If in the course of an investigation, the school district obtains additional information about the respondent or complainant that was not included in the original written notice, notice of the additional allegations must be provided in writing to both parties.

7. Investigation of the Allegations. The school district will designate an investigator to conduct a thorough investigation of allegations. Contact information for the investigator will be provided to both the complainant and the respondent.

- A. The burden of proof and of gathering evidence remains on the school district.
- B. An equal opportunity will be provided to both parties to present witnesses and evidence during the investigation.
- C. Neither the complainant or respondent will be prohibited from discussing the allegations or gathering and presenting evidence to the investigator.
- D. Both parties will have the opportunity to have others present during interviews or related proceedings. This may include an advisor who may but is not required to be an attorney.
- E. Written notice of the date, time, participants, purpose and location of any investigate interview, hearing, or other meeting shall be provided to the party who is invited or expected to attend.
- F. Both parties and their advisors, if any, will be provided an opportunity to review all evidence that is directly related to the allegations in the formal complaint. This would include any evidence on which the school district does not intend to rely and any exculpatory or inculpatory evidence from any source. Such evidence must be provided prior to the completion of the final investigation report and in time to give the parties at least ten (10) days to prepare a written response, which the investigator must consider prior to completing the investigation report.
- G. A written investigation report will be provided that summarizes the relevant evidence. This report will be provided to the parties and their advisors, if any, for their review and written response at least ten (10) days before a hearing or determination of responsibility.

8. Hearing. The Title IX coordinator will determine whether a live hearing is necessary on a case-by-case basis if both parties request or consent to such a hearing (the live hearing component is optional for secondary students and mandated for post-secondary students). Regardless of whether a live hearing is held, or a written hearing is conducted, each party will have ten (10) days from the receipt of the investigation report to submit written, relevant questions that the party wants asked of another party or witness. Both parties will be provided with the answers and follow up questions. Federal law determines when questions regarding a complainant's prior sexual behavior or sexual predisposition are considered relevant in a hearing provided by a school district.

9. Determination of Responsibility. A decisionmaker, the Executive Director, Full Time Programs, who is not the Title IX coordinator or the investigator, will apply a preponderance of the evidence standard to determine responsibility, and will issue a written determination of responsibility that:

- A. Identifies the allegations that potentially constitute sexual harassment;
- B. Describes the school district's procedural steps taken from the receipt of the complaint to the determination;
- C. Includes findings of fact to support the determination;
- D. Includes conclusions regarding applicants of the discipline code to the facts;
- E. Includes a statement of, and rationale for, the result as to each allegation, including a determination of responsibility, any disciplinary sanctions, and whether remedies to restore or preserve equal access to the school's educational programs or activities will be provided to the complainant; and
- F. The procedures and permissible basis for appeals.

10. Appeals. Within ten (10) days of a determination of responsibility, dismissal of a complaint or any allegations therein either party may appeal for one of the following reasons:

- A. A procedural error affected the outcome.
- B. New evidence that was not reasonably available at the time of the determination and could affect the outcome;
- C. Conflicts of interest on the part of the Title IX coordinator(s), investigator or decision maker that affected the outcome.

If an appeal is made, the school district will provide written notice to both parties of the appeal. Both parties will be provided an equal opportunity to submit a written statement in support of or challenging the determination within ten (10) days of the written notice to both parties of the appeal being filed. The appeal will be heard by an appeal decision maker, the Executive Director, Business and Industry Services, who is not the Title IX coordinator, the investigator or the original decisionmaker. The appeal decisionmaker cannot have a conflict of interest or bias against complainants and respondents generally or the particular complainant and respondent. The appeal decisionmaker will receive training as mandated by law. The decision of the appeal decisionmaker will be final and nonappealable. The written decision of the appeal decisionmaker will be provided within ten (10) days of the deadline for written statements supporting or challenging the initial determination. The written decision will be provided simultaneously to both parties.

11. Recordkeeping. The school district will keep records related to reports of alleged sexual harassment for a minimum of seven (7) years. Records maintained will include investigation records, disciplinary sanctions, remedies, appeals, and records of any action taken including supportive measures. Records will document in each instance that the school district's response was not indifferent and that measures were taken to restore or preserve equal access to educational programs or activities. If the school does not offer supportive measures in response to a report, the records should document why the response was not clearly unreasonable under the known circumstance.

SEXUAL HARASSMENT OF STUDENTS (Cont.)

The district will also post the training materials used to train Title IX coordinators, investigators, and decisionmakers on the district website at: pioneertech.edu . These materials will also be available to the public.

12. Retaliation. The board of education prohibits retaliation by the school district or any employees of the school district against any person for the purpose of interfering with Title IX rights or because the person has participated or refused to participate in any manner in a proceeding under Title IX regulations. Complaints of retaliation will be addressed under the district's grievance process, policy GJ-P.

Charging a person with a discipline violation or code of conduct violation based on a person's knowingly making a materially false statement in bad faith in an investigation is not retaliation.

- B. Complainant: Any person enrolled in or employed by PTC who submits a complaint alleging discrimination based on race, color, national origin, sex/gender, (including sexual harassment), age, religion, disability or veteran status. Complaints related to student sexual harassment will be investigated following PTC policy GJ-A. For purpose of any complaint alleging a violation of Section 504, in addition to those identified as possible complainants in this paragraph, members of the public may also be potential complainants. For purposes of this policy, a parent or guardian's complaint or grievance shall be handled in the same manner as a student's complaint would be.

The Compliance Officer(s) of each statutory scheme may be the same person or different persons.
- D. Respondent: The person alleged to be responsible for the alleged discrimination contained in a complaint. The term may be used to designate persons with responsibility for a particular action or those persons with supervisory responsibility for procedures and policies in those areas covered in the complaint.

2. Pre-Filing Procedures

Prior to the filing of a written complaint, the student or employee is encouraged to visit with the Executive Director, Full Time Programs, or Instructional Director or the District's Title IX, ADA, Title VI and VII or 504 Compliance Officer(s), as applicable, and reasonable effort should be made at this level to resolve the problem or complaint.

**GRIEVANCE PROCEDURE FOR FILING, PROCESSING AND RESOLVING
DISCRIMINATION COMPLAINTS (Cont.)**

1. Filing and Processing Discrimination Complaints

- A. The Complainant submits a written complaint to the Compliance Officer(s), as applicable, stating the basis, nature and date of the alleged discrimination, the names of persons responsible (where known) and requested action. If the applicable Compliance Officer(s) is the person alleged to have committed the discriminatory act(s), then the complaint should be submitted to the Superintendent for assignment. If neither the Superintendent or Compliance Officer(s) is an appropriate person to receive the grievance it may be submitted to the President or a member of the Board of Education. Complaints must be submitted within 30 days of alleged violation or date Complainant has become knowledgeable of alleged violation. Complaint forms are available from the offices of the District's Title IX, ADA, Title VI and VII and 504 Compliance Officer(s).
- B. The Compliance Officer(s) conducts an investigation within 10 days of receiving the complaint, to the extent reasonably possible, which may include but not be limited to, interviewing the-Complainant, any witnesses, review of documents and interviewing the Respondent. The Compliance Officer(s) will, among other actions, ask the Respondent to (a) confirm or deny facts; (b) indicate acceptance or rejection of the Complainant's requested action; and (c) outline alternatives.

As to complaints of discrimination by students and school employees, the Compliance Officer(s) will disclose the complaint, the identity of the Complainant and information regarding the person who allegedly committed the discriminatory act only to the extent necessary to fully investigate the grievance and only when the disclosure is required or permitted by law. If a complainant wishes to remain anonymous, the Compliance Officer(s) will advise him or her that such confidentiality may limit PTC's ability to fully respond to the complaint. If a Complainant asks to remain anonymous, the Compliance Officer(s) will still proceed with its investigation.

- C. The Respondent will submit a written answer within 10 days to the applicable Compliance Officer(s).
- D. Within 5 days after receiving Respondent's answer, the applicable Compliance Officer(s) will refer the written complaint and Respondent's written answer to the Superintendent or his/her designee for a hearing. If any person charged with decision making responsibility at any level of this grievance procedure is the person alleged to have committed the discriminatory act(s), then a different decision maker will be appointed to maintain impartiality. The Compliance Officer(s) will schedule the hearing with the Complainant, the Respondent and Superintendent (or designee). The hearing will be conducted within 10 days after the Compliance Officer(s) receives Respondent's answer.
- E. At the hearing, the Superintendent (or designee) will review the information collected through the investigation and may ask for additional oral or written evidence from the parties and any other individual he or she deems relevant. The applicable Compliance Officer(s) will make arrangements to audiotape any oral evidence presented.
- F. Within 5 days after the hearing, the Superintendent will issue a written decision to the Complainant, Respondent and applicable Compliance Officer(s).

**GRIEVANCE PROCEDURE FOR FILING, PROCESSING AND RESOLVING
DISCRIMINATION COMPLAINTS (Cont.)**

- B. If the Complainant or Respondent is not satisfied with the decision, he or she must notify the applicable Compliance Officer(s), in writing, within 5 days and request an appeal to the Board of Education. The written appeal shall contain a specific statement of the basis for the appeal.
- C. The applicable Compliance Officer(s) will notify the Board of Education, in writing, within 5 days after receiving the appeal. The Clerk will place the appeal on a board agenda within 30 days from the date of notification to the Board of Education.
- D. The Board will act as an appellate body by reviewing the decisions and the oral and written evidence presented and making a decision. At the Board meeting, the Board may ask for oral or written evidence from the parties and any other individual it deems relevant. The Clerk will make arrangements to audiotape any oral evidence presented. Within 5 days of the meeting, the Board will issue a final decision in writing to all parties involved.

1. General Provisions

- A. Extension of time: Any time limits set by these procedures may be extended by mutual consent of the parties involved. The total number of days from the date the complaint is filed until the complaint is resolved shall be no more than 120 days.
- B. Access to Regulations: Upon request, PTC shall provide copies of any district policies prohibiting discrimination on the basis of race, color, national origin, religion, sex/gender, age, religion, disability or veteran status.
- C. Confidentiality of Records: Complaint records will remain confidential, to the extent allowed by law, unless permission is given by the parties involved to release such information. All complaint records will be kept separate from any other records of PTC. No complaint record shall be entered in any personnel file unless adverse employment action is taken against an employee. Complaint records shall be maintained on file for no less than four years after complaint resolution.
- D. Representation: The Complainant and the Respondent may have a representative assist them through the grievance process and accompany them to any hearing.
- E. Retaliation: No reprisals or retaliation will be allowed to occur as the result of the good faith reporting of a discrimination complaint.
- F. Basis of Decision: At each step in the grievance procedure, the decision maker will take or recommend the taking of appropriate measures based on the facts, as revealed by the investigation and hearing, taken as a whole, and the totality of the circumstances, such as the nature, extent, context and gravity of the activities, incidents, or behavior.
- G. Standard of Review. The school district will utilize a preponderance of the evidence standard to determine responsibility. *** The standard selected by the school district will need to be the same standard that is applied to all formal complaints including those against employees.
- H. Section 504 Due Process Procedures: For information concerning due process procedures under Section 504, the Complainant should contact the 504 Compliance Officer(s).
